

# Women's GRAIN COWHIDE DRIVER

Style No. 98W

- 1 Naturally water-repellent tan full grain cowhide provides long-lasting durability from wear & tear, while shielding the hand from punctures & abrasions
- 2 **Easy-On™** cuff with shirred elastic wrist facilitates quick on & off use, while tightening the shell material to the hand for a secure fit & providing an additional preventative measure to block debris from further entering the glove
- 3 Tan pieced leather hem incorporates an added piece of material, which creates a finished look & prevents fraying
- 4 Out-seam index finger provides the smooth, comfortable feel of a seamless interior & eliminates rub points that often accompany bunched material typically inside the glove
- 5 Ergonomic keystone thumb design, which includes an extra sewn-in piece of material, offers flexible, full-range of motion & helps to prevent hand fatigue
- 6 Gunn cut pattern allows for fewer seams between the fingers, reduces the exposure of seams in high-wear areas of the palm, & allows the back-of hand base material to remain seamless for longer wear & comfort

**GAINS FLEXIBILITY WITH CONTINUED WEAR!**
