### Fast Friends

Dance and explore with Opus the Octopus! Detach Opus to let baby explore his sensory arms during seated floor play. Dance with baby as Opus plays songs from the Baby Einstein Ocean Explorers™ TV series! Co-view the show together and talk with baby about the songs you both recognize!

### Find Your Groove

Before placing baby in the walker, hold baby and play music using the Opus toy on the walker. Help baby move to the beat! This builds rhythm and supports baby's interest in the walker and Opus!

### On the Move

Every step makes Opus come alive! As baby steps, Opus twirls and teaches baby cause-and-effect. Help reinforce this learning. Say "Make Opus twirl!" to encourage baby to take steps. Stand in front of walker and say, "Come to me!" and "Go Opus, go!"

### Aquatic Adventures

Destination: Imagination! Use the walker to help baby pretend they're on an under the sea adventure with Opus! Describe what you might see if you investigate a coral reef or swim along the ocean floor as an octopus!

There are two color bars on this proof and in the art file. One to be used with X-rite I1 Pro Spectrophotometer. The other can be used with most other spectrophotometers. Printers must repeat one of the two color bars all the way across the width (gripper edge) of the press sheets on sample runs and production runs. Failure to comply will result in the remaking of film and/or plates at your cost.

数码稿以及设计文件包含了两种色带。一种适用于X-rite (爱色丽) I1 Pro 分光光度计, 另一种适用于其它大部分的分光光度计。在打样或者批量生产时, 印刷厂必须选择其中一种色带并重复添加直到覆盖整张纸的宽度(叼口边)。没有按照上述要求而导致重新出菲林、出版的费用将由印刷厂承担。
