Play Tips from the einstein way

**Special Effects**
Help baby learn their actions make big things happen! As baby bounces, the jumper responds with lights and music. Help baby connect their movements to these sensory delights by describing how their actions create amazing reactions!

**Deep Dive Together**
Let interactive play make a splash for baby! Describe all the toys you both see. Point out the orange fish, ask baby to spin the globe, and talk about each toy to spark wonder.

**Explore the Senses**
A sea of sensory discovery awaits! Feel the starfish's bumpy texture together, listen to the songs, or watch the dancing lights to help baby use their senses to learn something new.

**Sea Floor Exploration**
Learn with Neptune! Detach this turtle-y awesome toy for floor play to help baby build core muscle strength as they sit. Encourage baby to investigate the music, lights, and numbers on their favorite Ocean Explorers friend!

Scan to watch these play tips in action!

There are two color bars on this proof and in the art file. One to be used with X-rite I1 Pro Spectrophotometer. The other can be used with most other spectrophotometers.
Printers must repeat one of the two color bars all the way across the width (gripper edge) of the press sheets on sample runs and production runs. Failure to comply will result in the remaking of film and/or plates at your cost.

数码稿以及设计文件包含了两种色带。一种适用于X-rite（爱色丽）I1 Pro 分光光度计，另一种适用于其它大部分的分光光度计。在打样或者批量生产时，印刷厂必须选择其中一种色带并重复添加直到覆盖整张纸的宽度（叼口边）。没有按照上述要求而导致重新出菲林、出版的费用将由印刷厂承担。
