Play Tips from the einstein way

Moving Forward
Movement helps build baby's motor skills — and inspires them to follow their curiosity! Encourage baby to jump, rotate, and reach to investigate all the toys on the jumper.

Dive Deep Together
Interactive play helps you connect and bond with baby! Get on baby's level and describe all the toys you both see. Point out the orange fish, ask baby to spin the globe, and talk about each toy to spark wonder and curiosity.

Sensational Exploration
A sea of discovery awaits! Feel the starfish's bumpy texture together, listen to the songs, or watch the dancing lights to help baby use their senses to learn something new.

Language Learning
Get a jump on language learning! Use the detachable toy to let baby hear color and number names in 4 different languages. Point to each color and number to reinforce their learning!

There are two color bars on this proof and in the art file. One to be used with X-rite I1 Pro Spectrophotometer. The other can be used with most other spectrophotometers. Printers must repeat one of the two color bars all the way across the width (gripper edge) of the press sheets on sample runs and production runs. Failure to comply will result in the remaking of film and/or plates at your cost. 数码稿以及设计文件包含了两种色带。一种适用于X-rite (爱色丽) I1 Pro 分光光度计, 另一种适用于其它大部分的分光光度计。在打样或者批量生产时, 印刷厂必须选择其中一种色带并重复添加直到覆盖整张纸的宽度(叼口边)。没有按照上述要求而导致重新出菲林、出版的费用将由印刷厂承担。
