There are two color bars on this proof and in the art file. One to be used with X-rite II Pro Spectrophotometer. The other can be used with most other spectrophotometers.
Printers must register one of the two color bars with the width (register edge) of the press sheets on sample runs and production runs. Failure to comply will result in the reworking of film and/or plates at your cost.

没有按照上述要求有效重新出样，出版的費用將由印刷廠承擔。
