

**bright starts™**

**We believe joy makes moments last forever.**

Bright Starts™ exists to bring more joy to every moment. We believe a sprinkle of silly has the power to turn crazy days into crazy dance parties. We see confetti in the chaos, and we know there's nothing a belly laugh can't fix.

This is when the magic happens. When time stands still, and little moments turn into lasting memories.

**How do we do it?!**

1. We create opportunities for laughter
2. We tap into the mood-boosting power of uplifting characters
3. We keep kiddos ooh-ing & ah-ing with fun surprises
4. We mix & match with unexpected combinations
5. We use together-time to spark emotional connection

Bright Starts™ helps families make the most out of playtime and to get swept away in the joy that follows. Because joy is what makes moments last forever.

There are two color bars on this proof and in the art file. One to be used with X-rite I1 Pro Spectrophotometer. The other can be used with most other spectrophotometers. Printers must repeat one of the two color bars all the way across the width (grripper edge) of the press sheets on sample runs and production runs. Failure to comply will result in the remaking of film and/or plates at your cost. 数码稿以及设计文件包含了两种色带。一种适用于X-rite (爱色丽) I1 Pro 分光光度计, 另一种适用于其它大部分的分光光度计。在打样或者批量生产时, 印刷厂必须选择其中一种色带并重复添加直到覆盖整张纸的宽度(叼口边)。没有按照上述要求而导致重新出菲林、出版的费用将由印刷厂承担。
