AND WORK TABLE WITH 1.5" BACKSPLASH
AND UNDERSHELF - NSF CERTIFIED - 60"W
X 24"D X 36"H

SKU:

NH-WT-2460BSP-GG

UPC:

889142905851

- **COMMERCIAL STAINLESS STEEL PREP AND WORK TABLE:** Provides an efficient work surface for food prepping, storage, or display in kitchens, bistros, cafeterias, and bars
- **NSF CERTIFIED AND DURABLE:** Constructed from corrosion-resistant, 18-gauge stainless steel that is certified to NSF quality standards to reduce the chance of foodborne illness for reliable health protection
- **EFFICIENT DESIGN:** Holds up to 600 lbs. static weight for items such as stand mixers, microwaves, or bread machines while the adjustable undershelf holds up to 200 lbs. static weight to offer storage for utensil holders, condiment bottles, and more
- **USER-FRIENDLY FEATURES:** Clean lines and rounded corners help alleviate staff injuries when working, and the 1.5" backsplash helps keep your walls free of food debris and prevents items from rolling away
- **SPACIOUS WORK AND PREP SURFACE:** Measures 60"W x 24"D x 36"H to offer the much needed additional space for catering parties or setting up buffet lines to increase functionality in your busy restaurant
