## 3M™ Reusable Full Face Mask, FF-600 Series

3M™ Reusable Full Face Mask, FF-600 Series features a panoramic visor that is designed to prevent visual distortion and allows for a virtually unrestricted field of vision. Compatible with 3M™ Filters, DT Series and with options suitable for use as part of a powered air system, the FF-600 is suitable for a wide range of wearers and applications.

# 3M™ Reusable Full Face Mask, FF-600 Series

## User comfort

- ▶ Soft, highly flexible and conforming liquid silicone rubber faceseal to enhance user comfort
- ▶ Broad faceseal designed to minimise pressure point and provide effective seal without overtightening the head harness
- ▶ Mask weight ca. 550g. Filters set close to the face to aid balance and help avoid neck strain
- ▶ Matte finish TPE inner mask helps prevent glare on the inside of the visor

## High field of vision

- Vision features a large visor with a virtually unrestricted field of vision and is designed to reduce visual distortion.
- ▶ Polycarbonate visor provides eye and face protection
  - ▶ Inner mask directional air flow helps prevent visor misting

## One mask for many tasks

The FF-600 Series is available in two versions, the FF-600F for front filter fitting and the FF-600 for right-side filter fitting.

Each version is available in multiple sizes to ensure high performance for a wide range of users.

The masks can be used as:

- ▶ A negative pressure single filter mask using the 3M™ Filters, DT-Series.
- ▶ A facepiece for the 3M™ Powered Air Respirator PF-600 Series (FF-600 only)

Please note, the 3M™ Reusable Full Face Mask, FF-600 Series, was previously named the Scott™ Vision 2 / FM4 Reusable Full Face Mask. Product visuals may differ from those depicted.
