Key Features/Benefits

- ✓ **Optimized for drilling in hard materials** – for fast, precise work in porcelain tile, marble tile, granite tile and more
- ✓ **Up to 5X longer life** – with carbide tip optimized for ceramic tile (vs. Bosch glass and tile drill bits)
- ✓ **No-skate, arrow-shaped head design** – delivers faster drilling with less effort for reduced wear and tear on the bit
- ✓ **Enhanced centering zone** – provides easier, more precise handling
- ✓ **Hex shank** – allows for maximum torque transmission and more secure connection in the chuck

NOTE: PTBX12 (1/2") + PTBX38 (3/8") have different paint treatment than rest of line
