## RAPID WOUND REPAIR

Silver Honey® Maximum Strength Dry Spray is our most powerful healing formula yet—combining the natural power of Manuka Honey and 10x more MicroSilver® BG than Silver Honey® Rapid Wound Repair Spray Gel for maximum strength wound care. Formulated with adsorbent kaolin clay, this innovative dry powder spray coats open wounds to help maintain optimal moisture balance, supporting a clean dry environment that promotes faster healing. Ideal for large open wounds, skin irritations, and areas where bandaging isn't practical, Silver Honey® Rapid Wound Repair Dry Spray is the go-to choice when keeping wounds clean and dry is critical. The specialized aerosol applicator delivers even mess-free coverage—perfect for animals that need protection without added stress.
