Play Tips from the Einstein Way

Explore from the Ground Up
Discovery is within reach! Encourage longer tummy time sessions by placing Opus just out of your baby's reach. In this mode, press Opus's arms to engage baby as he lights up, spins, sings, & smiles!

Sit-Up & Take Notice
Colors, shapes, and numbers come alive with Opus! Sit near baby and press Opus's arms to introduce these concepts. Play the "Still Learning" song in this interactive mode to reward baby and give them extra encouragement!

Follow the Leader
It's time for epic game of chase! Help your child learn to follow Opus's directions and encourage them to crawl or walk to catch him. They'll build motor skills as they move and learn cause-and-effect when Opus rewards their "catch" with a song!

Take a Spin Together
Dance along to your favorite Ocean Explorers™ songs! As Opus calls out dance moves, encourage your child to follow along. With every zigzag and spin, your child is experiencing the joy of dance and learning!

Scan to watch these play tips in action!

Attach 4x5" playtip card to inside back panel with zip tie through holes

There are two color bars on this proof and in the art file. One to be used with X-rite I1 Pro Spectrophotometer. The other can be used with most other spectrophotometers. Printers must repeat one of the two color bars all the way across the width (gripper edge) of the press sheets on sample runs and production runs. Failure to comply will result in the remaking of film and/or plates at your cost. 数码稿以及设计文件包含了两种色带。一种适用于X-rite (爱色丽) I1 Pro 分光光度计, 另一种适用于其它大部分的分光光度计。在打样或者批量生产时, 印刷厂必须选择其中一种色带并重复添加直到覆盖整张纸的宽度(叼口边)。没有按照上述要求而导致重新出菲林、出版的费用将由印刷厂承担。
