Patent: http://www.kids2.com/patents

Requires 3 AA/LR6 Batteries (not included).Alkaline batteries are recommended for better performance. Always keep batteries away from children. Do not mix old and new batteries. Do not mix alkaline, standard or rechargeable batteries. Only batteries of the same or equivalent type as recommended are to be used. Install the battery so that its polarity matches the markings in the battery compartment. Do not short-circuit the battery. Do not store batteries in areas that have extreme temperatures (such as attics, garages, or automobiles). Remove an exhausted battery from the battery compartment. Never attempt to recharge a battery unless it is specifically marked "rechargeable." Rechargeable batteries are to be removed from the toy before being charged. Rechargeable batteries are only to be charged under adult supervision. Do not use rechargeable alkaline batteries in a Ni-Cad or Ni-MH battery charger. Please use the correct disposal method for batteries. Remove batteries before putting the product into storage for a prolonged period of time. Do not dispose of product or batteries in fire, batteries may explode or leak.

IMPORTANT: Remove all packaging and fasteners before giving product to child. Retain this package for future reference. It contains important information. As an ongoing process, we are constantly improving and updating our products. Pictures on this package may sometimes differ from the product enclosed. For single family use only. **CLEANING INSTRUCTIONS:** Clean before use with a damp cloth and mild soap. Air dry. Do NOT immerse in water.

WARNING: This toy produces flashes that may trigger epilepsy in sensitized individuals.

ASTM F963

⚠ WARNING: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna
- Increase the separation between the equipment and receiver
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: 1) this device may not cause harmful interference, and 2) this device must accept any interference received, including interference that may cause undesired operation.
CAN ICES-3 (B)/NMB-3(B)

EN **This symbol indicates that the product is not to be disposed of in household waste as batteries contain substances that can be damaging to the environment and health. Contact local authority for recycling & collection information.**
