Take the Advantage for Digestive Health*

Supporting the balance of the good and bad bacteria in your body takes a lifestyle commitment. Digestive Advantage's Daily Probiotics can help you in your journey to taking control of your digestive health. Introducing just one capsule per day into your daily regimen can supplement your diet and help deliver good bacteria to your digestive system while helping to lessen minor abdominal discomfort and occasional bloating.* Our goal is to provide you with the support you want on the inside so you can thrive on the outside.

We also believe that in order to best support your gut, quality is key. We proudly ensure purity, freshness, and labeled potency of our products. Our Daily Probiotic capsules are also GMO Free and Vegetarian. We strive to provide probiotics you can trust.*

Intensive Bowel Support*

Our Digestive Advantage Daily Probiotic Plus Intensive Bowel Support combines our BC30 probiotic with 3 types of enzymes to help reduce minor abdominal discomfort and occasional bloating.*

Probiotics That Survive†

Many probiotics have a difficult time surviving the harsh acidic environment in the stomach. Digestive Advantage's probiotic, BC30 is protected by a natural protein shell to help it survive 100x Better than the probiotics found in yogurts. This survivability means more good bacteria reaches your gut, where it can help support digestive health.*

† BASED ON MEDIAN SURVIVABILITY OF DIGESTIVE ADVANTAGE PROBIOTIC VS. YOGURTS IN A SIMULATED GASTRIC ENVIRONMENT.

Your Digestive System & Probiotics

Your digestive health depends on the balance of bacteria in your gut. Modern day lifestyles and diet can throw off the balance of good and bad bacteria. Incorporating Digestive Advantage Daily Probiotics into daily regimen can help support this balance and your body's digestive health.

Our Story

We know digestive health is key to overall health and that digestive issues can put you at a disadvantage. That is why, for over 15 years, Digestive Advantage has been dedicated to your digestive health. Bringing you breakthrough and patented probiotic strains that help support your digestive and immune health.*

Our Mission

Our probiotics are designed with one goal in mind: to give you an advantage. We're determined to make life easier to digest on a daily basis for you and the rest of your family, in whichever form you prefer: capsules or gummies. Because when your digestive health is supported, you can take on whatever comes your way.

Our Innovations

The strength of the Digestive Advantage product line lies in the powerful protein shell encasing our BC30 probiotic, which helps more good bacteria get to where it's needed. But it doesn't stop there! Explore our diverse range of probiotic products, backed by science, to support your digestive health.*
