

INTIMATE FEELING OF SKIN ON SKIN CONTACT

Durex Extra Sensitive Condoms
Ultra thin latex condoms that give you the intimate feeling of skin on skin contact. These condoms are thinner than our standard condoms while providing the protection you need.

Find Your Best Fit
Everyone is different, but the right fit should always be comfortable and secure. Use the information on the side of the pack to find the best fit for you.

Easy, Fumble-Free Usage
Each Durex Condom is developed with you in mind - lubricated and teat-ended for a more comfortable and pleasurable experience. Every single one is packed the right way up for simple, fumble-free usage.

Our standard girth, designed for a close and comfortable fit, with a nominal width of 56mm

Durex condoms are lubricated for a smooth experience. Lubricant helps prevent condom breakage.

Provides the same high level of security and protection, but slightly thinner for greater sensitivity.

Transparent natural rubber latex with no unpleasant scent. For non-latex condoms Durex offers Real Feel condoms.

FREQUENTLY ASKED QUESTIONS

Why should I use condoms?

Condoms help prevent pregnancy and STIs, allowing you to enjoy fun, pleasurable and safe sex.

Do thinner condoms break easily?

All Durex condoms are subject to rigorous testing for your safety and pleasure.

Can condoms cause an allergic reaction?

Most Durex condoms are made with natural rubber latex which may cause an allergic reaction. If you are allergic to latex, Durex offers Real Feel non-latex condoms.*

Can I use lubricant with condoms?

Durex condoms are already lubricated, but you can add lubricant for a smoother experience.*

*Always read and follow pack label
