Play Tips from the einstein way

Growing Stronger Together
Support baby's development from the ground up! Transform the table for floor play to help your child sit and explore. As they move to investigate each toy, they're building key muscles!

Orchestrate Incredible Discoveries
Compose the perfect playtime for discovery! Ask your child to tap the drum, press a piano key, and make music with each instrument. Then celebrate – they're created an original song!

Foster Amazing Reactions
Cause–and–effect learning is instrumental to baby's growth! As baby explores each sound, describe their actions. Tell them, "You made the horn blow!" or "You strummed the guitar!"

Curiosity That Adds Up
Music makes learning to count engaging & fun! As each song plays, clap along with baby and count to the beat. As baby grows, have them say the numbers aloud with you!

Scan to watch these play tips in action!

There are two color bars on this proof and in the art file. One to be used with X-rite I1 Pro Spectrophotometer. The other can be used with most other spectrophotometers.
Printers must repeat one of the two color bars all the way across the width (gripper edge) of the press sheets on sample runs and production runs. Failure to comply will result in the remaking of film and/or plates at your cost.

数码稿以及设计文件包含了两种色带。一种适用于X-rite（爱色丽）I1 Pro 分光光度计，另一种适用于其它大部分的分光光度计。在打样或者批量生产时，印刷厂必须选择其中一种色带并重复添加直到覆盖整张纸的宽度（叼口边）。没有按照上述要求而导致重新出菲林、出版的费用将由印刷厂承担。
