pressIGN CMYK 1 Spot_Colourbar_ID0 12947-2 Coated White Backing v4_labels_below 11 Pm Contrast Bars.pdf
pressIGN CMYK 1 Spot_Colourbar_ID0 12947-2 Coated White Backing v4_labels_below.pdf

There are two color bars on this proof and in the art file. One to be used with Xrite i1 Pro Spectrophotometer. The other can be used with most other spectrophotometers. Printers must respect one of the two color bars all the way across the width (original edge) of the press sheets on single runs and production runs. Failure to comply will result in the remaking of film and/or plates at your cost.
