

V-Gard[®] Headgear Replacement Sweatband

V-Gard Visors and Headgear are approved as components of a complete device. ANSI/ISEA Z87.1 defines a component as: “A functional part of a complete device that is addressed by the performance requirements of this standard (e.g. lens, frame, crown)”.

An accessory is defined as: “An item that is added to a complete device that may or may not affect the performance of that complete device”.

Refer to the specific V-Gard Visor approval for a listing of approved components and accessories.

The V-Gard Headgear sweatband, Part Number 10126999, is supplied and tested as a part of the suspension on both the General Purpose and Elevated Temperature V-Gard Headgear. This part must be maintained to ensure the performance of the complete device.

The packaged replacement parts are listed as Part Number 10127065.
