

**SAFETY DATA SHEET
EMILY IN PARIS ROMANTIC
BODY MIST 236 ML**

MSDS No: SBM07 Printing
Date: 13.06.2025
Revision No: 00
Revision Date: 00

Commission Regulation (EU) 2020/878 of 18 June 2020 Amending Regulation (EC) No 1907/2006 of the European Parliament and of the Council on the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH)

1. IDENTIFICATION OF THE SUBSTANCE/MIXTURE AND OF COMPANY/UNDERTAKING

1.1. Product Identifier

Product Trade Name Emily in Paris Romantic Body Mist 236 ml
Product SDS Code SBM07
Product Description Body mist

1.2. Relevant Identified Uses of the Substance or Mixture and Uses Advised Against

Avoid contact with food.

1.3. Details of the Supplier of the Safety Data Sheet

Manufacturer Company Information

Company Name Doğa Uluslararası Tic. Ltd. Şti
Address Barış Mah. Eğitim Vadisi Bulvarı.
No:12/15 Beylikdüzü/İSTANBUL
Phone +90 533 323 59 57
Web E-mail info@dogatrade.com
Contact Person Lokman Çolak

Person to be Provided Information on the Safety Data Sheet

Merve AYDIN (Safety Data Sheet Writer)

1.4. Emergency Telephone Number

International Poison Information Center (UZEM) 114

2. HAZARDS IDENTIFICATION

2.1. Classification of the Substance or Mixture

According to the SEA Regulation No. 28848 of 11.12.2013 and the EU Regulation 1272/2008 (CLP), the product is hazards.

2.2. Label Elements

Hazards Pictograms

SAFETY DATA SHEET EMILY IN PARIS ROMANTIC BODY MIST 236 ML

MSDS No: SBM07
Printing Date: 13.06.2025
Revision No: 00
Revision Date: 00

Commission Regulation (EU) 2020/878 of 18 June 2020 Amending Regulation (EC) No 1907/2006 of the European Parliament and of the Council on the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH)

| | |
|-------------------------------|---|
| Signal Words | Danger |
| Hazards Statements | H225 Highly flammable liquid and vapour. H319 Causes serious eye irritation. |
| Precaution Statements | P210 Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. P370+P378 In case of fire: Use water, CO ₂ , dry chemical or foam extinction. P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. |
| Other Label Statements | Protect from heat and sunlight. It is flammable. Do not spray towards the fire. Keep out of children. Don not drink. |
| 2.3. Other Hazards | This product does not contain any substances classified as PBT or vPvB. |

3. COMPOSITION/ INFORMATION ON INGREDIENTS

3.1. Substances Not applicable.

3.2. Mixtures

| Chemical Name | Cas No | Content (w/w)% | SEA |
|---------------|---------|----------------|---------------------------------------|
| Alcohol | 64-17-5 | 60-80% | Flam. Liq. 2: H225 Eye Irrit. 2: H319 |
| Parfum | - | <5% | - |

3.2.1. Additional notices

All of the related hazard definition sentences are given in section 16.

4. FIRST AID MEASURES

4.1. Description of First Aid Measures

4.1.1. General

There are no special first aid measures required.

4.1.2. Inhalation

It has no known effects. If discomfort occurs, move to fresh air. If symptoms occur, seek medical attention.

**SAFETY DATA SHEET

4.1.3. Skin contact

It does not require any special precautions. In case of itching, wash with water. Get medical advice or assistance.

4.1.4. Eye contact

In case of splashes into the eyes, rinse immediately with plenty of water for at least 15 minutes, including under the eyelids. Get medical attention if symptoms occur and remove contact lenses if available and easy to do. Continue rinsing. Contact a Poison Center, doctor or physician immediately.

4.1.5. Ingestion

Rinse mouth with water. Do not try to induce/ vomit. Get medical help.

4.2. Most Important Symptoms and Effects, Both Acute and Delayed

| | |
|---|--|
| Eye contact | There may be a temporary feeling of irritation (redness, burning, swelling, watering of the eyes). |
| Skin Contact | There may be a temporary feeling of irritation (redness, burning, blistering). |
| Ingestion | Harmful if swallowed. |
| Inhalation | No information. |
| Long term effects | No information. |
| Antidote and necessary information | There is no specific specific antidote. |
| Symptoms of poisoning | There is no specific specific antidote. |

4.3. Indication of any Immediate Medical Attention and Special Treatment Needed

No specific treatment is recommended. Intervene according to symptoms.

5. FIREFIGHTING MEASURES

5.1. Fire Extinguishers Use suitable extinguishers in the surrounding area. The product is not flammable.

Contaminated clothing and protective equipment should be removed before entering the dining area.

7.2. Conditions for Safe Storage, Including any Incompatibilities

7.2.1. Storage conditions

The warehouse should be cleaned regularly, and the ventilation system should be checked for temperature and humidity regularly. Keep the product closed in its original package in a dry, cool, clean place away from direct sunlight.

7.2.2. Incompatible substances

No information.

7.3. Specific End Use(s)

Do not use other than specified uses.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

8.1. Control Parameters

8.1.1. Occupational exposure limit values

8.1.1.1. Occupational exposure limit values according to the Regulation on Health and Safety Precautions in Working with Chemicals

No information.

8.1.1.2. Occupational exposure limit values according to the Regulation on Health and Safety Precautions in Working with Carcinogenic or Mutagen Substances

No information.

8.1.1.3. Other occupational exposure limit values

No information.

8.1.1.4. Biological limit values according to the Regulation on Health and Safety Precautions in Working with Chemicals

No information.

8.1.1.5. Other biological limit values

No information.

8.1.2. If air pollutants are formed when the substance or mixture is used as intended, the

No information.

8.2.2.2. Eye/face protection

Use protective goggles that cover the edges completely. In areas where the risk of splashing is high, use safety glasses with side shields in accordance with EN 166 (EU) standards, which fit the eyes well.

8.2.2.3. Skin protection

Hand protection

A separate protection measure is required for hand protection.

Respiratory precautions

Respiratory protection is not required if suitable ventilation is available. Use respirators and equipment tested and approved according to relevant official standards such as NIOSH (United States) or CEN (European Union).

Thermal hazards

When specifying the protective equipment to be worn for thermally damaging materials, pay special attention to the structure of the personal protective equipment.

8.2.3. Environmental exposure controls

Obligations within the framework of current legislation on environmental protection must be fully fulfilled.

9. PHYSICAL AND CHEMICAL PROPERTIES

9.1. Information on Basic Physical and Chemical Properties

| | |
|--------------------------------|---------------------|
| Appearance | Liquid |
| Colour | Pink |
| Odor | Specific |
| pH (25 °C ± 0,2) | 4,00-8,00 |
| Flammability properties | Not available. |
| Flash point | 25 °C |
| Explosive properties | No information. |
| Oxidizing properties | No information. |
| Melting point | No information. |
| Solubility | Soluble in Alcohol. |

9.2. Other Information No information.

10. STABILITY AND REACTIVITY

10.1. Reactivity Stable under normal conditions when used and stored as directed.

10.2. Chemical Stability Stable under normal conditions when used and stored as directed.

10.3. Possibility of Hazardous Reactions Stable under normal conditions when used and stored as directed.

10.4. Conditions to Avoid Keep away from sunlight and direct heat.

10.5. Incompatible Materials Keep away from strong acids and strong bases.

10.6. Hazardous Decomposition Products This substance does not decompose at ambient temperature.

Hazardous polymerization None.

11. TOXICOLOGICAL INFORMATION

11.1. Information on Hazard Classes as Defined in Regulation (EC) No 1272/2008

| 11.1.1. Potential Health Effects | |
|---|--|
| Skin | Health injuries are not expected under normal use. |
| Inhalation | Health injuries are not expected under normal use. |
| Eyes | Profuse watering of the eyes |
| 11.1.2. Toxicity | |
| Acute toxicity (oral) | Not determined. |
| Acute toxicity (dermal) | Not determined. |
| Acute toxicity (inhalation) | Not determined. |
| Sensitization | Not determined. |

| Acute toxicity (dermal) | No information. |
| Acute toxicity (inhalation) | LC50: 124,7 mg/L air, 4 h (rat) |

11.2. Information on other Hazards No information.

12. ECOLOGICAL INFORMATION

12.1. Toxicity

Practice good working practices without disposing of the product into the environment. Inform the competent authorities if the product has reached waterways or sewers or contaminated soil crops.

12.2. Persistence and Degradability

Potential for persistence in the relevant environmental environment No information.

Potential for degradability by other processes such as oxidation or hydrolysis No information.

Half-life for degradation No information.

Impact on wastewater treatment plants No information.

12.3. Bioaccumulation Potential

Potential for product to accumulate in the biological environment (biota) No information.

Log Kow or BCF values No information.

12.4. Mobility in Soil

SAFETY DATA SHEET EMILY IN PARIS ROMANTIC BODY MIST 236 ML

MSDS No: SBM07
Printing Date: 13.06.2025
Revision No: 00
Revision Date: 00

Commission Regulation (EU) 2020/878 of 18 June 2020 Amending Regulation (EC) No 1907/2006 of the European Parliament and of the Council on the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH)

When determining environmental mobility, consider the chemical and physical properties of the product. (See chapter 9)

12.5. Results of PBT and vPvB Assessment

According to Annex XIII of REACH Regulation, the substance/mixture contains no constituent considered either Persistent, Bioaccumulative and Toxic (PBT), or very Persistent and very Bioaccumulative (vPvB) at a concentration equal to or greater than 0.1%.

12.6. Endocrine Disrupting Properties

The substance/mixture contains no constituent considered to have endocrine disrupting properties according to REACH Article 59(1) or Commission Regulation (EU) 2018/605 at a concentration equal to or greater than 0.1%.

12.5. Other Adverse Effects

No data available

13. DISPOSAL CONSIDERATIONS

13.1. Waste Treatment Methods

Waste and used packaging must be disposed of in accordance with official regulations. Avoid mixing with surface and underground waters, drinking water sources, standing and running water and sewerage. Do not dispose of the product without checking the waste regulations.

Safe Disposal

Since chemical additions, process or any other modification of this substance will render the waste management information of the substance incomplete, incorrect or inappropriate to be given in this safety data sheet, disposal of the waste should be done in accordance with official regulations, taking into account the place of use. Do not allow the product to be disposed of with household waste. In such cases, inform the official authorities.

European Waste Catalogue and Hazardous Waste List Number

The allocation of waste identification numbers/waste descriptions should be industry and process specific according to the EWC.

15. REGULATORY INFORMATION

15.1. Safety, Health and Environmental Regulations/Legislation for the Substance or Mixture

The product has been classified and labeled according to the procedures and principles stipulated in the 'Regulation on Registration, Evaluation, Authorization and Restriction of Chemicals' and 'EU legislation'.

Consult the regulations below for legislation or other national measures that may be relevant to the implementation of the provisions in this safety data sheet.

- Regulation on Restrictions on Production, Placement on the Market and Use of Certain Dangerous Substances, Preparations and Goods
- Occupational Health and Safety Regulation

- Cosmetic Products Regulation (May 8, 2023 Monday, No: 32184)

15.2. Chemical Safety Assessment

No data available at this time

16. OTHER INFORMATION

This document has been prepared in Commission Regulation (EU) 2020/878 of 18 June 2020 Amending Regulation (EC) No 1907/2006 of the European Parliament and of the Council on the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH) and has been documented as stipulated by the regulation.

Information About the SDS Preparer

This document has prepared by MSc. Chemical Engineer Merve AYDIN.

SDS Certificate No: TÜV/01.290.04

Validity Date: 28.06.2024

Reissue Date: None.

Number of Edits: None.

List of Related Hazard Classes and Phrases:

H225 Highly flammable liquid and vapour.

H319 Causes serious eye irritation.

P210 Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.

P370+P378 In case of fire: Use water, CO₂, dry chemical or foam extinction.

P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

Main Literature References and Information Resources

In order to ensure the protection of human health and the environment, it is recommended that appropriate training be taken for workers to read and use the safety data sheets and label information in an understandable way against the exposure of the product and in order to create a general safety culture.

Key sources of information used in editing this safety data sheet; Safety Data Sheet prepared by the manufacturer of the product, Regulation on Health and Safety Precautions in Working with Carcinogenic and Mutagen Substances and its annexes, other relevant local regulations, UN ADR, IMDG, IATA lists, ECHA and relevant EU directives, other auxiliary resources.

The information given in this document is intended as a guide for safe handling, use, processing, storage, transportation, disposal and disposal.

Unless specified in the document, this information is valid only for the specified substance and may not be valid if this substance is used in combination with other substances or used in any process.

Observe the information in the Safety Data Sheet for use.

This Safety Data Sheet describes the product according to the appropriate safety regulations, but does not guarantee the assurance of product properties.

It does not constitute any warranty and product specifications do not establish a legally valid contractual relationship.
