

MULTICAM® M-PACT®

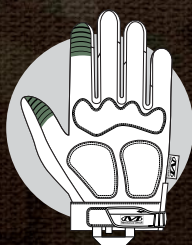

TACTICAL HAND PROTECTION

Blend in. The M-Pact® with MultiCam® transitional camouflage features a Thermoplastic Rubber (TPR) knuckle guard and dedicated finger guards to reduce impact and abrasion injuries in the field. The dual-layer internal fingertip construction reinforces the thumb and index finger for improved abrasion resistance, while the embossed fingertip pattern improves feel and overall dexterity. D30® palm padding absorbs and dissipates high-impact energy when you're fully engaged so you can maintain your focus.

KNUCKLE GUARD

Impact Guard™ frees the index finger and molded Thermoplastic Rubber (TPR) disperses impact and skin abrasions.

REINFORCED FINGERTIPS

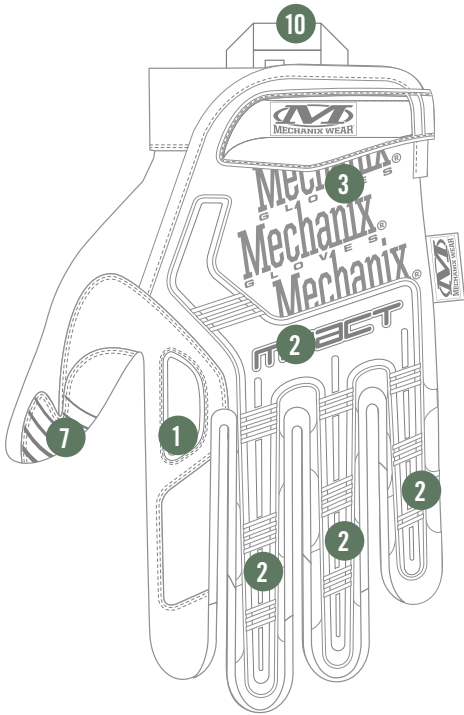

Dual-layer internal fingertip construction reinforces the index finger and thumb.
