

4', 6', 8', 10', & 12'

NOT A STANDARD A-FRAME, THE NEW A-FRAME STANDARD

1. VERSATILE TOP CAP

A convenient top cap keeps all your essential tools within reach, so you never lose a minute of productivity. Designed with ports for drill bits, clip slots for drills and tape measures, friction locks for gallon and quart cans, and a magnetic fastener tray. Also compatible with several Little Giant accessories—such as the Loot Box[™] or Strap Holder[™].

2. SINGLE-HANDED SPREADER STEP**

Easy setup with built-in comfort. The patent-pending spreader step gives you five extra inches of standing room on the final standing step, as well as an easy hand hold for deployment and takedown.

3. MOLDED HAND GRIPS**

Molded grips on the balance points allow for hassle-free handling and comfortable carrying.

4. NON-CONDUCTIVE, HI-VIZ GREEN FIBERGLASS

Non-conductive fiberglass allows for safe work around electricity, while the vibrant green color—recognized most quickly by the human eye—ensures you're highly visible on the job site.

5. FIELD-REPLACABLE FEET

Heavy-duty slip-resistant feet provide a rock-solid grip across varying work terrains and feature a brace design to boost stability. They're easily replaceable if worn and have a non-marring design to protect surfaces.

 **NON-CONDUCTIVE FIBERGLASS**
FIBRA DE VIDRIO NO CONDUCTORA

** Not available on the 10' and 12' models.
