

LINED SUEDE COWHIDE PALM WITH SAFETY CUFF

Style No. 1932

- Black cotton-blend canvas fabric on back-of-hand offers lightweight, breathable coverage
- Gray suede cowhide palm provides good durability from wear & tear, while shielding the hand from punctures & abrasions
- Lined cotton-blend canvas fabric rubberized safety cuff guards wrist from outside elements & helps to trap heat & deflect debris when layered over long sleeves
- Shirred elastic tightens the shell material to the shape of the hand above the widening of the palm & provides an additional preventative measure to block particles from further entering the glove
- Leather palm extending to the wrist offers additional inner-wrist protection & reduces stress & damage to the seam
- Black pieced fabric hem incorporates an added piece of material, which creates a finished look, holds all layers of the glove together, & prevents fraying
- Gray suede cowhide knuckle strap provides added protection from bumps & abrasions
- Wrap-around index finger design creates increased durability & comfort, & ensures that the high-rub areas on the exterior of the finger are not compromised by potential thread or seam failures
- Gray suede cowhide patches at the distal end of the fingers provide a protective barrier around the fingernails & fingertips, which reinforces the base material & seams for added wear
- Angled wing thumb design, which is seamless between the palm & thumb, offers additional flexibility & comfort while leather welt in thumb crotch protects this vulnerable wear area
- High-performance signature **Heatkeep®** thermal insulation, laminated to a soft TR2 inner lining, provides superior heat-retention by trapping heat, repelling the cold, & wicking away moisture
- Gunn cut pattern allows for fewer seams between the fingers, reduces the exposure of seams in high-wear areas of the palm, & allows the back-of hand base material to remain seamless for longer wear & comfort
- Leather welt at high-contact base of middle & ring fingers reinforces seam strength & durability

GAINS FLEXIBILITY WITH CONTINUED WEAR!

FEATURES

 Genuine Leather

 Thermal

SUGGESTED USES

- ✓ Construction & Hardware
- ✓ Farm & Ranch
- ✓ Outdoor Recreation
- ✓ Snow & Ice Removal

PERFORMANCE

-  **GOOD** ABRASION RESISTANCE
-  **GOOD** DEXTERITY & PLIABILITY
-  **FAIR** DRIES SOFT & FLEXIBLE
