

WINERY HISTORY

The first harvest and debut vintage of Cosentino Winery was in 1980, with our inaugural wine release in 1981. For over 40 years we have approached winemaking with the same goal—to produce high quality wines for everyday wine drinkers and seasoned aficionados alike. Always approachable, our wines reflect our steadfast belief that wine should be enjoyed and shared, not exclusive to one palate or price point. From our THE series wines from Lodi, crafted to be everyday go-to sippers, to our Napa Valley Reserve wines, barrel-aged for up to 24 months, we are proud to cater to all wine drinking occasions and preferences!

VINEYARDS

Guided by an inventive spirit and commitment to quality, for 40 years we have handcrafted impeccable wines, producing luxury Napa Valley selections as well everyday THE series wines from Lodi. Hand-harvested and handcrafted from premium vineyards in both Napa Valley and Lodi, our red wines offer structure, depth, and complexity, best enjoyed with a good meal or great company.

Located directly east of San Francisco at the edge of the Sacramento River Delta, the Lodi appellation is noted for its classic Mediterranean climate and its distinctive sandy soils that provide the perfect environment for the production of world-class wines. THE Wines allow us to take advantage of the lush, buoyant, full-flavored fruit characteristics of the Lodi AVA, to produce a range of expressive wines that are ideal for pairing alongside a variety of cuisine or enjoyed on their own.

WINEMAKER

ROBIN AKHURST | A native of Scotland, Robin Akhurst’s winemaking career took him around the globe before arriving in Napa Valley, where he has been learning the ins and outs of California’s terroir since 2009. He’s now Director of Winemaking for Napa and Sonoma for Vintage Wine Estates, which includes overseeing the winemaking for Clos Pegase, Swanson Vineyards, and his own brands, Apsara Cellars and Library Collection Wines.
