Extra Strength

Ultimate Strength

Absorbine® Veterinary Liniment CBD Gel

from Hemp Oil

Our Latest Advancement in Topical Pain Relief Builds on the Power of the Original Absorbine Veterinary Liniment Gel

About our newest formulas utilizing CBD from hemp oil:

- Both provide instant pain relief with targeted, deep-penetrating, warm, soothing formulas
- Both combine CBD from hemp oil with natural menthol and the same time-honored blend of Calendula, Echinacea, and wormwood herbs as our trusted Absorbine® Veterinary Liniment
- We use only premium-quality CBD from the hemp plant that has been lab tested to be free of THC and impurities.

Absorbine[®] Veterinary Liniment CBD Gel

from Hemp Oil

Extra Strength **50 mg CBD from Hemp Oil**

For faster long-lasting relief, the Extra Strength formula builds on the power of the original Absorbine Veterinary Liniment Gel by using the same base formula while adding 50 mg of CBD from Hemp Oil.

- Powerful muscle, joint, and arthritis pain reliever
- Spearmint-scented gel combines natural menthol, CBD from hemp and herbal extracts
- 50mg of high-potency CBD from hemp per tube
- Applying CBD from hemp topically targets the relief
- Does not contain THC
- Made in USA

Absorbine[®] Veterinary Liniment CBD Gel

from Hemp Oil

Ultimate Strength **500 mg CBD from Hemp Oil**

Our strongest and longest-lasting pain reliever, the Ultimate Strength formula builds on the power of the original Absorbine Veterinary Liniment Gel by using the same base formula while adding 500 mg of CBD from Hemp Oil.

- Powerful muscle, joint, and arthritis pain reliever
- Spearmint-scented gel combines natural menthol, CBD from hemp and herbal extracts
- 500mg of high-potency CBD from hemp per tube
- Applying CBD from hemp topically targets the relief
- Does not contain THC
- Made in USA

FAQs

Do the products with CBD from Hemp contain THC?

- No. None of our products contain THC and they cannot make your animal feel “high.”

Are there side effects?

- There are no known side effects to CBD from hemp. Please consult your veterinarian if your animal’s condition worsens.

Is there a difference between CBD from cannabis (marijuana) and CBD from hemp?

- Yes. Hemp is legal across the United States and as of the Farm Bill of Dec 2018, hemp has been removed from the federal controlled substances list. On the other hand, CBD derived from cannabis (otherwise known as marijuana) is still a controlled substance. Our products feature only the federally-legal CBD from hemp.

Do you have a Certificate Of Authenticity for the CBD from hemp ingredient?

- Yes, we test every batch and our Certificate Of Authenticity is available by clicking [here](#).

Which Extraction Method Do You Use?

- We use alcohol extraction and believe that it gives the best possible product.
