

SPECIALTY COVERT ROPE + RAPPEL

TACTICAL HAND PROTECTION

Built for the demands of fast rope and rappel operations, the Tactical Specialty Rope + Rappel glove delivers full-grain leather durability with heat and flame-resistant performance. A reinforced palm overlay in high-wear zones works with an FR and heat-mitigating lining to protect your hands during high-friction descents, while an FR-lined back of hand shields against flash fire. Finger expansion panels enhance weapon manipulation and overall dexterity, and a wide, low-profile hook-and-loop closure ensures a secure fit under load. Finished with a palm-mounted carabiner loop for quick storage and retrieval, this glove is mission-ready from drop to ground.

FEATURES

- 1 Full leather shell construction.
- 2 FR and heat-mitigating palm lining.
- 3 Leather reinforced palm overlay across high-wear area.
- 4 Back of hand lined with FR material protects against flash fire.
- 5 Finger expansion panel increases dexterity for weapon manipulation.
- 6 Wide, low-profile hook-and-loop closure.
- 7 Carabiner loop on palm provides easy storage and retrieval.
