**Frequently Asked Questions**

**What are Omega-3 fatty acids, EPA and DHA?**

EPA and DHA are two different types of Omega-3s. Omega-3s are critical to human health and provide the building blocks for all your cells.

**Why Fish Oil?**

Fish oil is a great source of Omega-3 fatty acids. Your body needs Omega-3s to sustain a better heart health and muscle activity. But due to dietary restrictions or preferences, it can be hard to get enough.

**When Will the Product Expire?**

On the bottom panel of the carton and right-side panel of the label you will see "EXP". The date printed there indicates when the product expires.
