

# BOSCH

## EXCELLENT DUST COLLECTION IN COMPACT SIZE

An affordable performance dustless SDS-plus® drilling solution

HDC50

#BLUECOLLAR

### BLUECOLLAR™

#### EFFICIENT DUST COLLECTION

Captures most drilling dust compared to standard drilling without a dust attachment

#### COMPACT DESIGN

Allows drilling in tight spaces and fits in toolbox or hammer case

#### UNIVERSAL INSTALLATION

Slides over the SDS-plus® drill bit (up to 5/8 In. diameter)

#### QUICK CONNECT

Attached to Bosch vacuums with snap-in fit for ease of movement from hole to hole

#### HOSE ATTACHMENT / SUPPORT

Connects at tool handle with reusable wire ties for secure fit

#### OPTIMAL FOR (TRADES)

## EASY SET-UP

SLIDE OVER BIT

1

SECURED HOSE ARM

2

TIE ON HOSE

3

SNAP IN HOSE

#### USER SCENARIOS

**SAVES SPACE:** "The power tool, drill bits and dustless device should fit into one toolbox"

**UNIVERSAL:** "The dustless device should fit to any power tool or drill bit"

**SAVES MONEY:** "Users are not willing to pay more to work dustless"

**SAVES TIME:** "Users don't like devices that collect dust in a container because it gets full fast and has to be emptied manually"

## IMPROVED PERFORMANCE, FASTER CLEANUP

Move Toward OSHA Compliance with Bosch PRO-GUARD™ Dust Solutions
