## GDE18V-26D

SDS-plus® Bulldog™  
Mobile Dust Extractor

MOBILE CORDLESS DUST  
EXTRACTOR FOR CORDLESS  
BULLDOG™

# SDS-plus® BULLDOG™ MOBILE DUST EXTRACTOR

18V

GDE18V-26D

## DRILLING CAPACITY

Provides capacity for up to 20 holes using a 1/2 In. diameter bit drilling 2 In. deep into concrete

## 180° SIDE HANDLE

Provides a variety of grip positions for maximum ergonomics; required for mounting the dust extractor to 2kg D-handle Bulldog™ hammers

## HEPA FILTER

Captures 99.97% of particles .3 microns or larger

## COMPATIBLE WITH BOSCH 2KG D-HANDLE HAMMERS

Designed to fit 1 In. 1125VSR and 1-1/8 In. GBH2-28L and RH228VC corded models, as well as the 1 In. 18V GBH18V-26D cordless model

## INSPECTION WINDOW

Transparent window to check actual dust level

## TWO DUST-EYES AND 4 IN. EXTENSION

Available in 5/8 In. and 1 In. sizes for use with bits 5/32 In. - 1 In. in diameter and up to 10 In. in length

## 3.9 IN. OF DRILLING DEPTH

For a wide variety of mechanical anchors

## ALUMINUM GUIDE RAIL

Provides smooth retraction of the Dust Eye during the drilling application

## REMOVABLE DUST CONTAINER

Easy-to-remove canister for straightforward clean out

## FIVE-LED BATTERY INDICATOR

Provides battery charge and ON/OFF status

## ON/OFF BUTTON

## FLEXIBLE POWER SYSTEM

Compatible with all Bosch 18V Lithium-ion batteries

## SPECIFICATIONS

<b>RATING</b>	18V
<b>DUST EXTRACTOR RATING</b>	1" SDS-plus® dust extractor
<b>MAX. BIT DIAMETER</b>	Up to 1"
<b>MAX. BIT LENGTH</b>	Up to 10"
<b>DRILLING DEPTH - DUST EXTRACTOR</b>	3.9"
<b>LENGTH</b>	13.6"
<b>WEIGHT</b>	3.6 lbs.

## INCLUDES

<b>GDE18V-26DN</b>	SDS-plus® Bulldog™ Mobile Dust Extractor <b>GDE18V-26D</b> , Dust Container, HEPA Filter, Auxiliary Handle, 5/8 In. Dust Eye, 1 In. Dust Eye, 4 In. Extension
<b>GDE18V-26DB15</b>	SDS-plus® Bulldog™ Mobile Dust Extractor <b>GDE18V-26D</b> , 18V CORE18V Lithium-Ion 4.0 Ah Battery <b>GBA18V40</b> , 18V Charger, Dust Container, HEPA Filter, Auxiliary Handle, 5/8 In. Dust Eye, 1 In. Dust Eye, 4 In. Extension, Carrying Bag

The Bosch GDE18V-26D dust collector for the GBH18V-26D cordless rotary hammer is a self-contained unit with HEPA filter that allows users to move toward OSHA compliance with no concern for power. The tool's battery drives the attachment and provides vacuum suction automatically when drilling. Power-off features a two-second delay after trigger release. The added suction along with Dust Eye, a proprietary vacuum cap, ensure maximum dust collection. The hammer and collector are part of the Bosch PRO+GUARD™ dust-protection system.
