

PUT YOUR HORSE IN STEALTH MODE

If bugs can't find your horse, they can't bite your horse!

ULTRASHIELD® GOLD IS CUTTING-EDGE FLY PROTECTION. This next-generation formula gives your horse the relief they need, even when bugs are at their worst!

Backed by ten years of research and development, UltraShield® Gold includes a revolutionary combination of ingredients we call FlyShield® Technology. This special blend of six active ingredients disrupts the insects' homing systems, delivering exceptional repellency and protection against more than 100 species **BEFORE** they bite.
