

DB4[®] LITE ACOUSTIC FLOOR UNDERLAYMENT

FOR FINISHED FLOORS

- ENVIRONMENTALLY SAFE
- REDUCES IMPACT VIBRATIONS
- EASY TO INSTALL
- MADE IN THE USA

A 7-layer moisture proof polyethylene film attached to a polyester fiber isolation layer. The combination of these materials substantially reduce impact vibrations. Ideal for commercial and residential construction, multi-family units, hotels, home theaters, office spaces and more. dB4 Lite can be installed directly under finished floors including hardwoods, carpets and laminate finished flooring.

dB4 Lite does not contain any harmful chemicals, is environmentally friendly and is 100% recyclable after use. This acoustic floor underlayment is puncture resistant, lightweight, easy to install and acts as a vapor barrier. dB4 Lite bonds easily to the subfloor, and should be installed with the fiber side facing down regardless of the flooring type.

- FOR HARD SURFACE FLOORS AND CARPET**
- DO NOT USE UNDER LVT OR CERAMIC TILE**
- HIGH IIC RATING DELTA IIC 25**
- VAPOR BARRIER**
- PUNCTURE RESISTANT**
- ENVIRONMENTALLY SAFE**
- LIGHT WEIGHT FOR EASY HANDLING, 100% RECYCLABLE**
- MADE IN THE USA**
