

**Schiff** +Easily Absorbed Krill Oil

**MegaRed**

ADVANCED

**4 IN 1** | HEART JOINTS BRAIN EYES

500mg

**OMEGA-3s**  
Fish Oil + High Absorption Krill Oil

40 SOFTGELS | DIETARY SUPPLEMENT

# Put your heart into health

## When it comes to Omega-3s, taste matters.

Fatty fish & tiny krill are great sources of Omega-3s, but due to dietary restrictions or preferences, it can be hard to get enough. Food is always the first choice but when it's not enough, MegaRed can help in a delicious way.\*

### Beyond Heart Health

**HEART**

**Heart Health\***

Omega-3s are widely known for their role in heart health support and may reduce the risk of coronary heart disease.<sup>1</sup>

§Supportive, but not conclusive research shows that the consumption of EPA and DHA Omega-3 fatty acids may reduce the risk of coronary heart disease.

**JOINT**

**Joint Health\***

Omega-3 fatty acids EPA and DHA's supportive effects on joint health and comfort have been well documented.

**BRAIN**

**Brain Health\***

Omega-3s support brain health.\* The link between Omega-3s, specifically DHA, and brain health is well studied - emphasizing its importance through all stages of life.

**EYE**

**Eye Health\***

Omega-3s are an important building block for eye health.\* Studies have shown that Omega-3s are critical for developing and helping maintain vision starting in the womb and continuing throughout life.

## Frequently Asked Questions

**When will the product expire?**

🕒

On the back of the label next to the supplement facts you will see "EXP." The date printed there indicates when the product will expire.

**What is the source of the gelatin in the product?**

🥄

The gelatin is from bovine sources

**Is MegaRed Gluten Free?**

🚫

It is not formulated with any gluten but we do not test or certify it to be gluten-free

**Why are the capsules red?**

🍷

Antarctic krill is rich in the natural antioxidant astaxanthin which is the cause of the deep red color of each krill softgel.

**How is krill oil different than fish oil?**

💧

MegaRed® Omega-3 Krill Oil contains omega-3 fatty acids DHA and EPA. Unlike fish oil, the omega-3 fatty acids in MegaRed® Omega-3 Krill Oil are mainly absorbed and carried to the body's cells in phospholipid form.
