

ecobee for Pro

Complement comfort with home monitoring.

SmartCamera with voice control adds peace of mind to an ecobee home with an out of the box indoor monitoring solution.

Upgrade homeowners in minutes.

For homeowners with an ecobee smart thermostat, SmartCamera adds even more value by providing a powerful indoor security camera with all-in-one access from the ecobee app.

Easy installation with world class support.

Have homeowners enjoying their new smart home in no time with simple, intuitive installation. If you ever need assistance, you can contact our expert support agents directly to help guide you.

A perfect fit for any homeowner's system.

ecobee devices are compatible with existing smart home products like Apple HomeKit and Amazon Alexa, so homeowners can get even more out of what they love.

Keeps an eye on home so they don't have to.

SmartCamera automatically pans and zooms when it detects activity to keep things in frame, letting homeowners see everything in 1080p HD video with a 180° field of view from their mobile device.

HomeKit compatibility.

SmartCamera comes with Alexa Built-in and HomeKit compatibility to give homeowners total hands-free control and the ability to check the weather, look up recipes, set alarms, and more.

Offer a 6-month free trial.

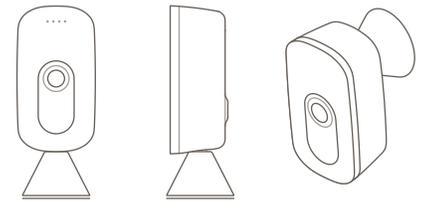

Comes with a free trial of ecobee Smart Security, which uses advanced sensor technology to alert homeowners to possible break-ins or fire. The Complete plan tier includes 24/7 professional monitoring beta with RapidSOS, reducing emergency response time by minutes.*

Support: 8am-11pm EST (Mon-Fri) and 9am-9pm EST (Sat-Sun) • 1.866.518.6740 • support@ecobee.com • ecobee.com/contractors

*Based on a survey conducted by RapidSOS to emergency dispatchers from May 5, 2020 to July 5, 2020. Response times not guaranteed and may vary due to external factors. Source: RapidSOS Security Survey.
