IPORT LUXE KIOSK

## iPad Install

1) Insert the IPORT Security tool into the oval holes along each side of the case and articulate up to separate the bezel from the attached case.

2) Flip the bezel over and place on the shell. Insert the Lightning Cable in the bottom of the iPad and place the iPad in the bezel.

Step 1   **Step 2**

3) Use a flat head screw driver or the IPORT Security Tool to slide the retention clips inward towards the middle of the iPad to lock the iPad into bezel.

4) Flip the iPad and bezel over and hook the bezel to the top of the case. Make sure to hook the cable in the retention shown.

Step 3   **Step 4**

5) Snap the bezel to the case by pressing firmly around the perimeter of the case. Note there are 3 clips at the bottom and 2 on each side.

6) Use the IPORT Security tool to lock the case to the bezel by turning counter clockwise. For removal turn the scurity screw clockwise and review Step 1.

Step 5   **Step 6**

7) Plug in the USB cable into the provided power supply.

Change from Landscape to Portrait

The Luxe Kiosk ships with the iPad in a Landscape orientation. Orientation can be changed to portrait simply by removing 4 screws and reinstalling the iPads Case as shown below.

1) Remove the Bezel from the Case, see Step 1 in the iPad Install section.

2) Remove the 4 Phillips screws with a screw driver.

Step 1   **Step 2**

3) Rotate the bezel 90° clockwise. Insert the cable into the lower cable routing location.

4) Place Case back on the Base and re-install the 4 screws removed in Step 2 above and continue to Step 2 of iPad Install.

Step 3
