

# CRC® Food Grade White Grease

## Product Description

This NSF H1 registered versatile grease is designed for heavy load applications requiring a long grease life. It protects equipment against rust, oxidation & wear. Resists throw-off, shear breakdown as well as water & detergent wash out.

## Applications

Bakeries, Bottlers, Breweries, Canneries, Dairies

### Identification

|                           |                          |
|---------------------------|--------------------------|
| Item Number / Case Number | 1003292 / 1003291        |
| Legacy Number             | 03038                    |
| Unit Package Description  | 16 Ounce Aerosol         |
| Net Fill                  | 10 wt oz                 |
| UPC Code                  | 078254030388             |
| Unit Dimensions           | 7.75H x 2.63W x 2.63D in |
| Units Per Case            | 12                       |

### Properties

|                              |                                       |
|------------------------------|---------------------------------------|
| Appearance                   | White Cream                           |
| Base Type                    | Aluminum Complex                      |
| Boiling Point (F/C)          | Not Determined                        |
| Dielectric Strength          | Not Determined                        |
| DOT Proper Shipping Name     | Aerosols, Flammable, Limited Quantity |
| Evaporation Rate             | Moderate                              |
| Flash Point (F/C)            | Not Determined                        |
| Flammability LEL % / UEL %   | 1.2 / 6.7                             |
| Flammability Class - CPSC    | Extremely Flammable                   |
| NSF Category Code            | H1                                    |
| Odor                         | Petroleum                             |
| Plastic Safe                 | Yes                                   |
| Propellant                   | Hydrocarbon                           |
| Restricted From Sale In:     |                                       |
| Solubility                   | No data available                     |
| Spec Gravity Concentrate     | N/A                                   |
| Vapor Density                | No data available                     |
| VOC % (Consumer Product def) | 24                                    |
| VOC Category                 | YES                                   |
| Working Temp (F/C)           | 0 to 450°F / -17.8 to 232.2°C         |

### Sizes

|          |       |
|----------|-------|
| 10 wt oz | 03038 |
|----------|-------|
