

LEATHER M-PACT® FINGERLESS FRAMER

LEATHER IMPACT RESISTANT GLOVES

Durahide™ M-Pact® Fingerless Framers leather work gloves deliver the rugged durability and impact protection professionals rely on while providing the dexterity of a fingerless design. Premium Durahide™ leather stands tall against rough cut wood, concrete and abrasive metals, while EN 388 rated Thermoplastic Rubber (TPR) knuckle protection helps protect against impacts on the job. AirHammer™ palm padding with 2mm D30® absorbs high-impact energy and reduces fatigue, and the abrasion-resistant Ripstop back of hand repels water and resists snags in demanding environments. The Durahide™ M-Pact® Fingerless Framers is built for professionals who need maximum protection without sacrificing tactile control.

FEATURES

- 1 New knuckle and finger TPR design improves flexibility and dexterity without compromising protection
- 2 Welded TPR knuckle design integrates a Lock Ring™ pattern around the thumb to increase durability in high wear areas without vulnerable stitching.
- 3 Extended hook and loop wrist closure design provides a secure fit.
- 4 Water repellent and abrasion resistant Ripstop material lines the back of the hand reducing potential snagging while working in confined spaces.
- 5 Fingerless design delivers maximum dexterity.
- 6 Durahide™ leather palm construction provides extreme abrasion resistance
- 7 Grip panel at the base of the fingers improves grip and durability while using any tool.
- 8 2mm D30® impact and vibration dissipating palm padding is encased by double stitched grip material.
- 9 AirHammer™ palm padding design wraps around the outside of the hand creating a functional and protective surface.
