Read Before Using Your New Shower Panel

Congratulations on purchasing our Shower Panel. Your new shower panel will be a great addition to your bathroom for years to come. Our luxury Shower Panel brings a spa experience into your life in the comfort of your personal bathroom. Adding the shower panel as a modification to your present shower will allow you to enjoy the pleasures of massaging body spray jets. Furthermore. The shower panel will operate with your existing plumbing supply lines with standard line pressure and flow rates. Before using our Shower Panel, please read this document carefully and thoroughly.

The instructions and safety information in this document are essential to the safe operation of your new unit. Additionally, neglect or improper or incorrectly performed installation, maintenance or repair, including failure to follow the applicable care and cleaning instructions may affect your new product's warranty.

IMPORTANT.

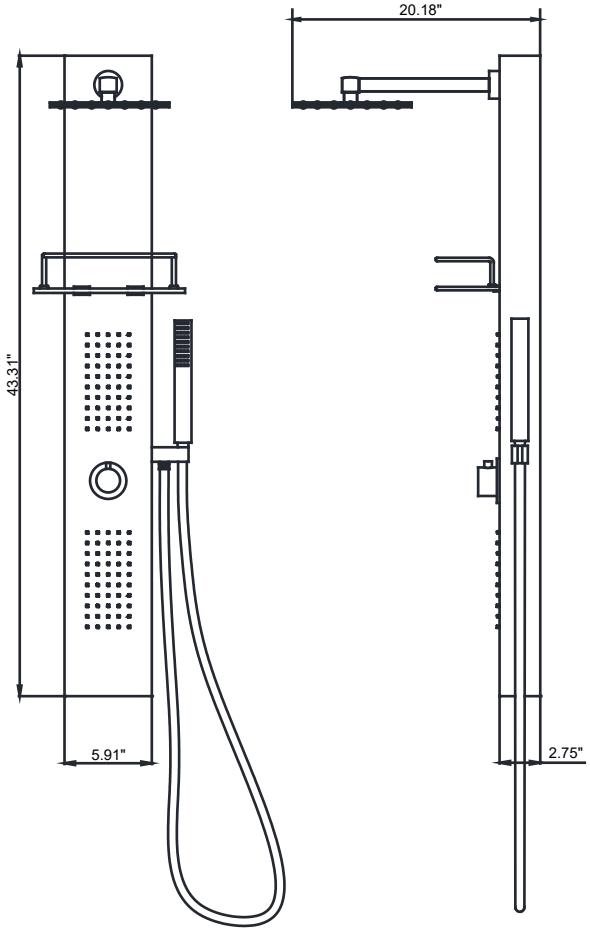

1. Prior to installation. please make sure your package is intact. Look over the product and contact your dealer or ANZZI if you find damaged sections.
2. In order to install this shower panel, simple understanding of plumbing techniques will be necessary. Please contact your dealer or a professional plumber if you are unfamiliar with plumbing techniques or have questions.
3. This shower panel is designed for indoor use only. It is not intended for outdoor or other uses.
4. The product is provided with flexible supply hoses. It would be better putting stop valves between the hoses and water supplies.
5. Product could function between 20-125 supply pressure. Using pressure reducing valve while the pressure is too high.
6. Check all connections for leaks.Retighten if necessary, but do not overtighten.

Mounting the Brackets of the Shower Panel

-It is recommended that the shower panel be mounted at a height that will make the unit accessible to people with varying heights. Establish the percise height and position of the unit on the wall. We recommend to leave a 12.68"(32cm) space between the shower head and the average height of the people in the house as well as a minimum distance of 1"(2.5cm) from the ceiling.(Figure A)

-The height you choose shall allow the shower panel to completely cover up the connection points for the cold and hot water supplies. In order to determine your installation location of the shower panel, you should use a tape measure and a pencil.

(or some type of marking tool).

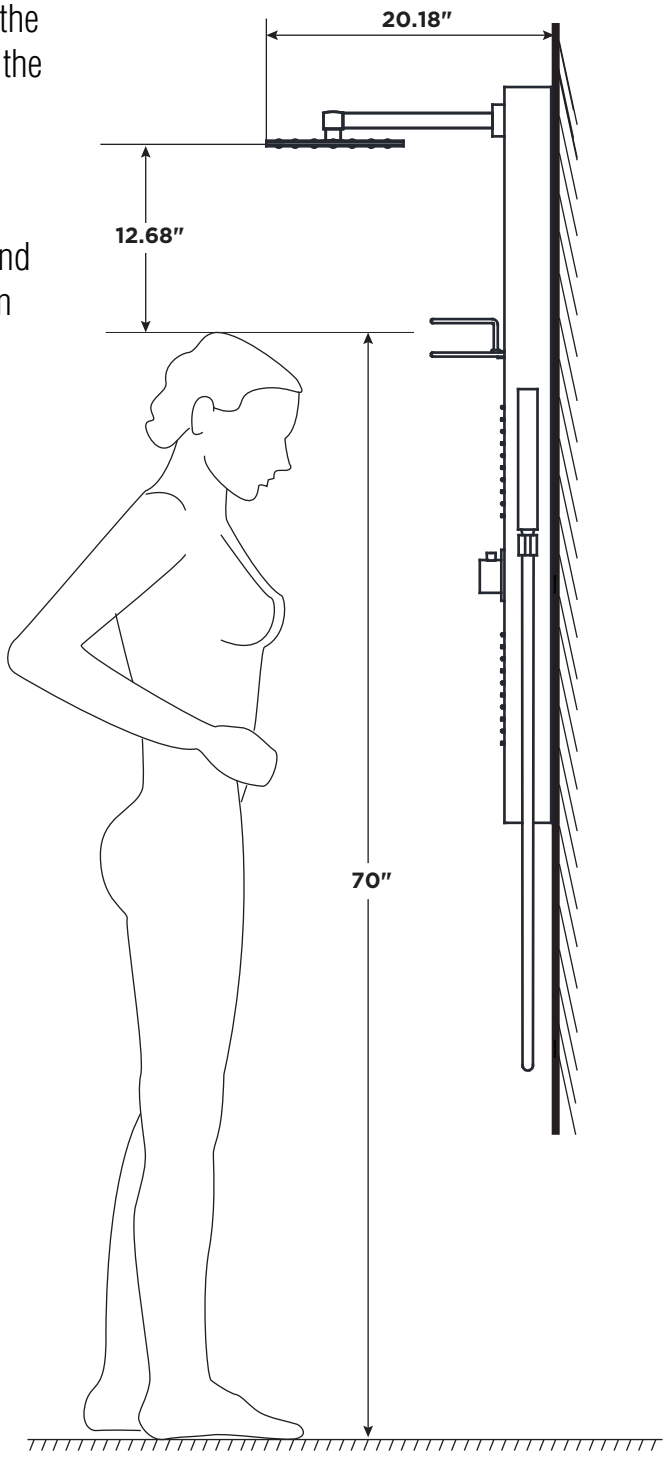

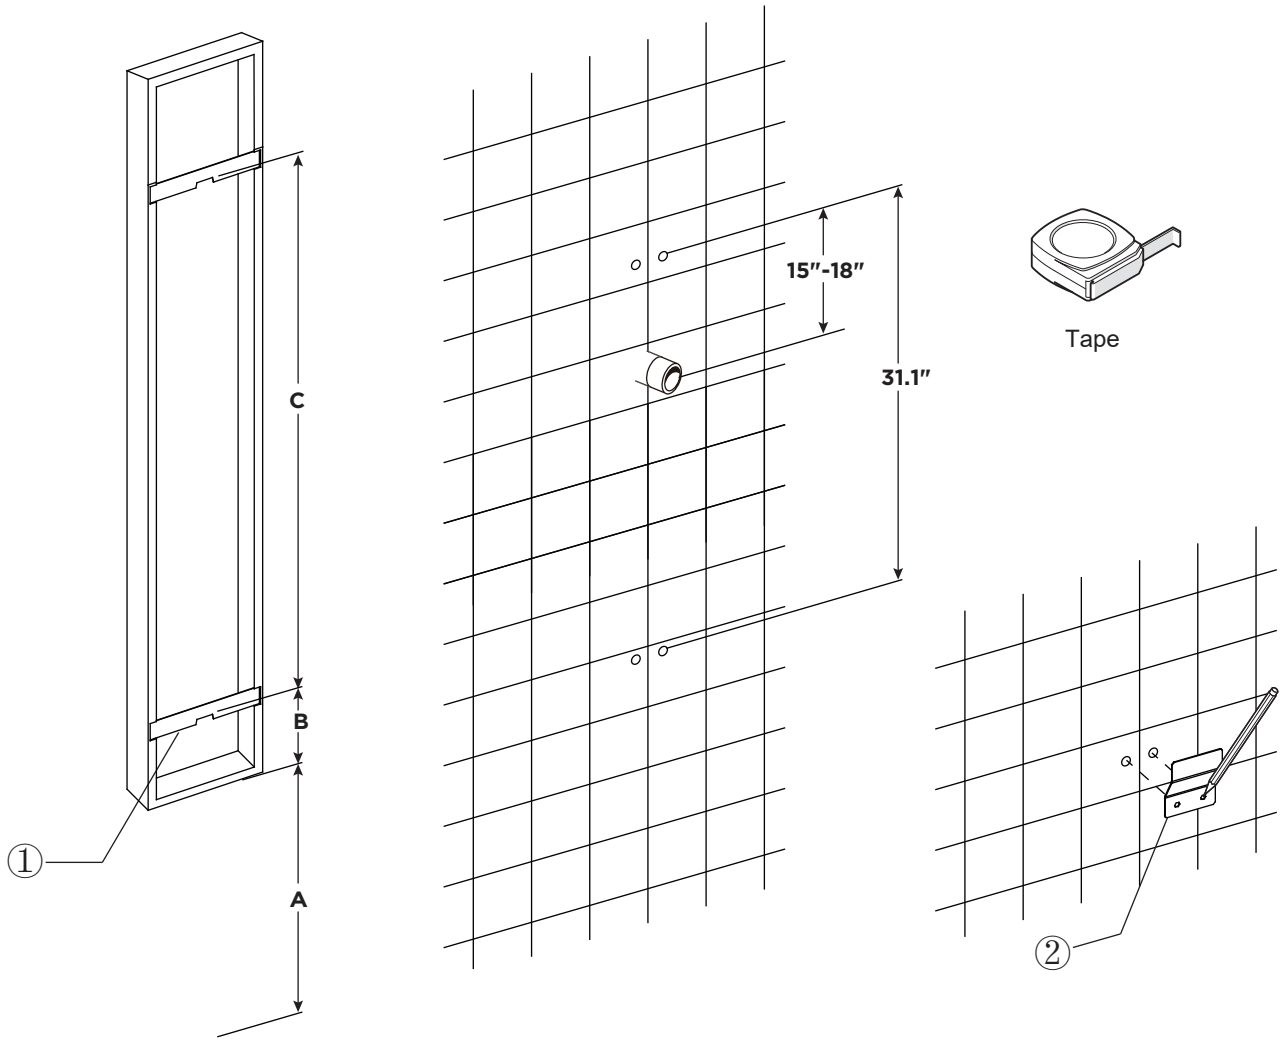

Figure A

STEP 1

1-1 Measure the distance **A** between the floor and the bottom of the shower column.
Measure the distance **B** between the bottom of the shower column and the back bracket.
Measure the distance **C** between the brackets at the back of the shower column body (1)

1-2 Project this measurement onto the wall in order to install the mounting brackets (2)

1-3 Mark the postion of each screw holes of both mounting brackets(2) on the wall using a pencil.

1-4 The recommended height of water is 15-18 inches.

STEP 2

Figure A

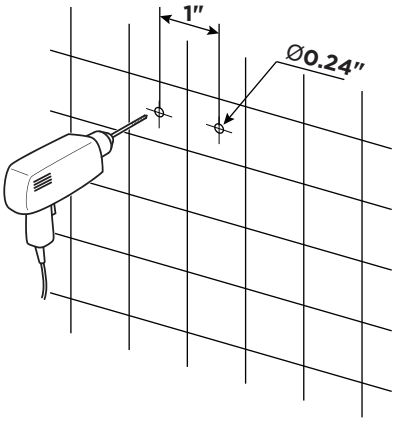

Figure B

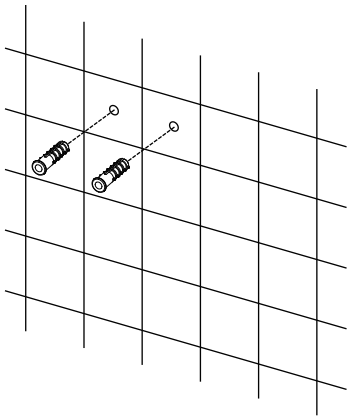

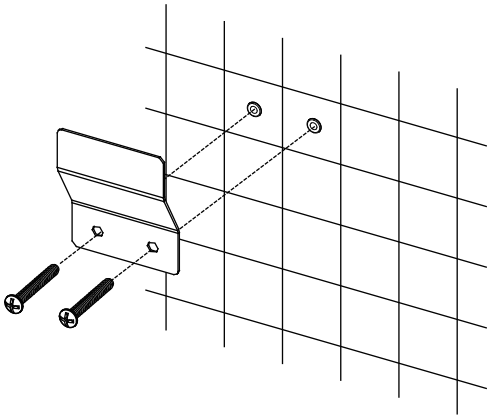

Figure C

IMPORTANT Before drilling any holes for the shower panel brackets, be sure there are no hidden cables or pipelines aligned with the desired drilling position.

2-1 Drill the two holes for the top bracket 1" apart at the desired height.

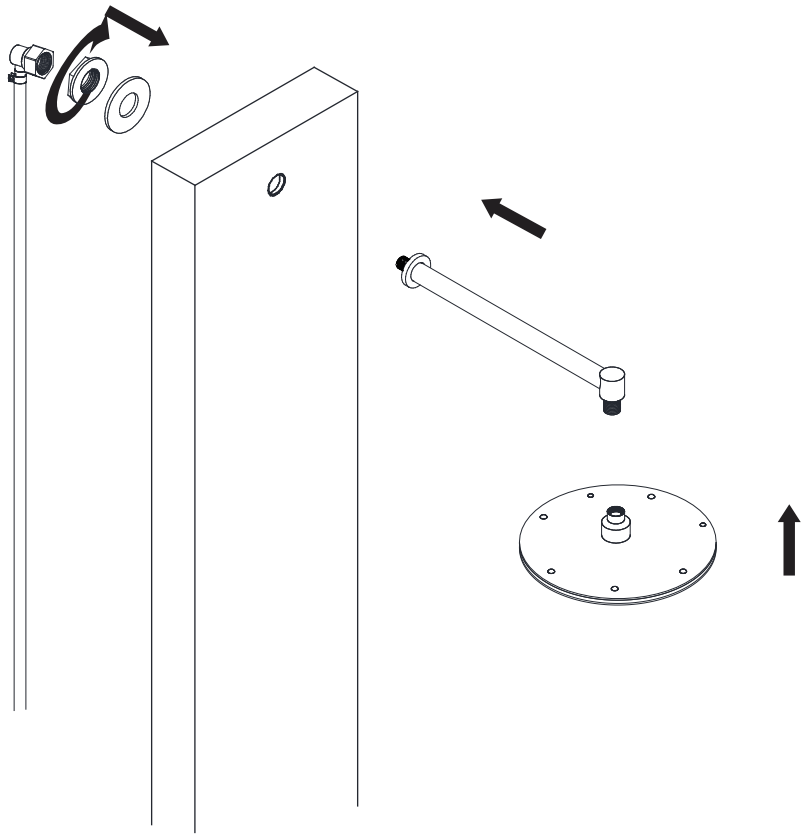

2-2 Drill the two holes for the bottom bracket 1" apart below the top bracket.

2-3 Insert the wall anchors into the pre-drilled holes as shown in Figure B.

2-4 Place the shower panel brackets aligned with the drilled holes and secure the brackets by tightening the screws.

STEP 3

INSTALLATION (SHOWER HEAD)

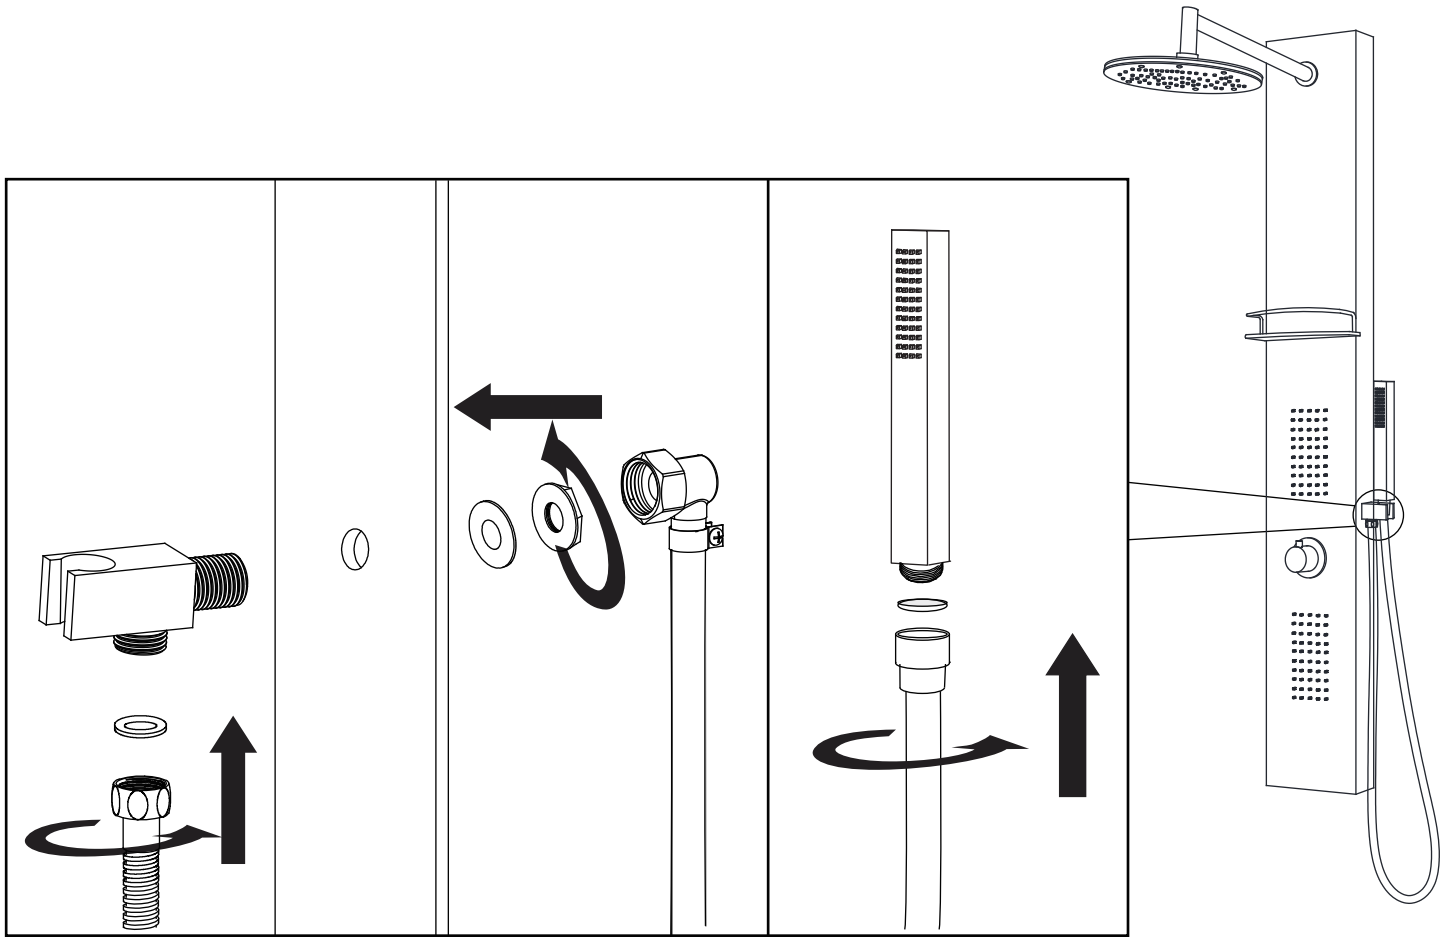

3-1 Install the shower arm to the shower panel with outlet pointing downward, tighten with washer and nut.

3-2 Install the shower head onto the shower arm.

STEP 4

INSTALLATION (HANDSHOWER)

4-1 Insert the shower holder through the pre-drilled hole on the shower panel.

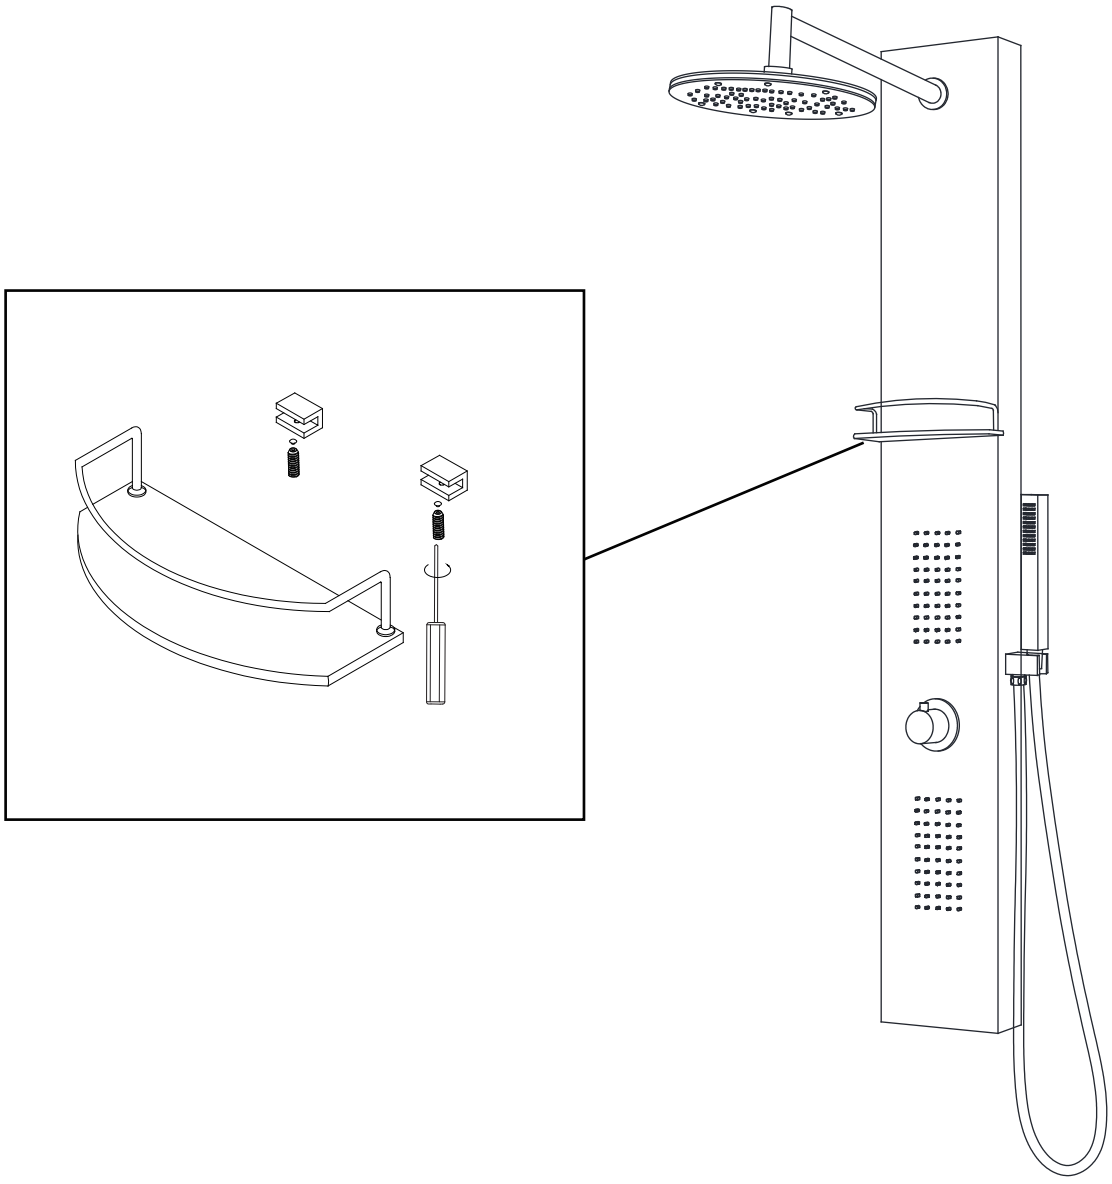

4-2 Connect the water supply hose to the shower holder,as shown.
Make sure all washers are inserted to prevent leakage.

4-3 Once the shower panel is fully installed and hung on the bracket, you can install the hand shower hose to the holder connection.

4-4 Connecting the hand shower to the hose, as shown.

STEP 5

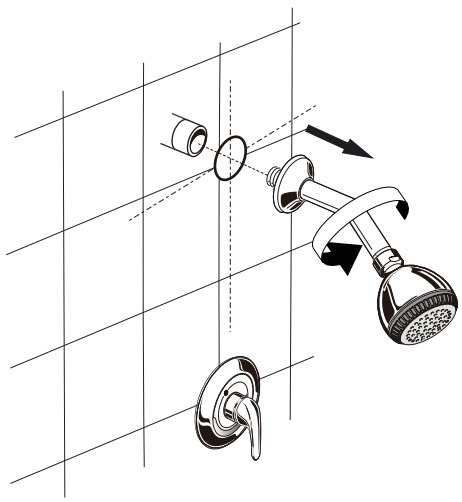

INSTALLATION(SHELF)

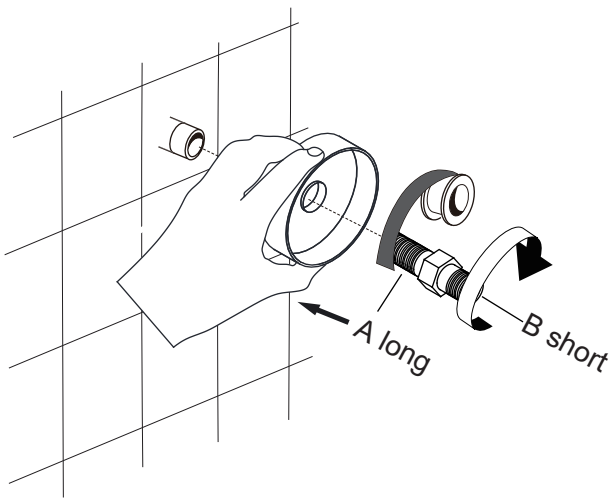

5-1 Place clamp onto the panel side, use the screw to tighten them, insert the shelf to the clamp, tighten the screw to fix it

STEP 6

INSTALLATION

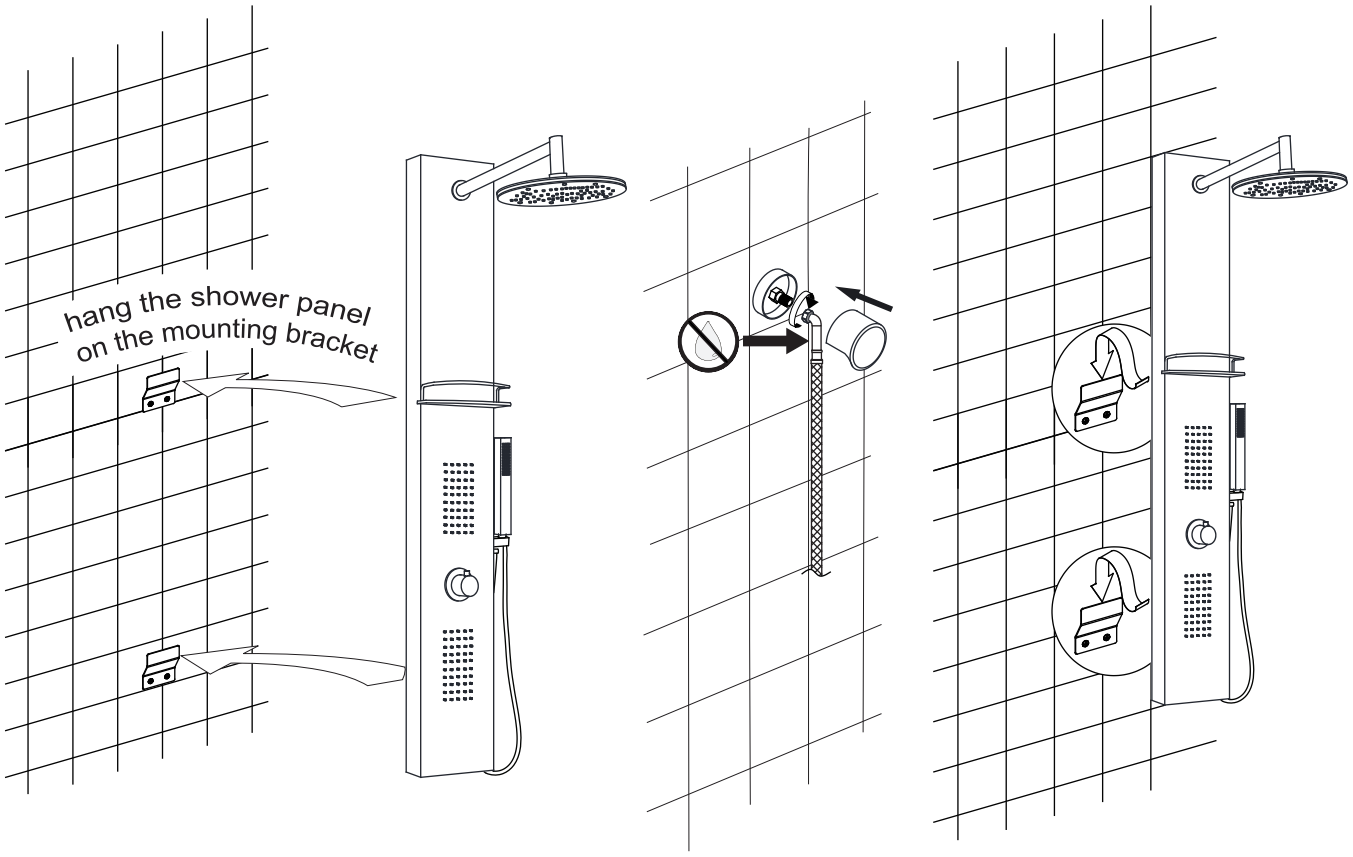

6-1 Remove the existing shower head and shower arm assembly.

6-2 Hold the plastic base against the wall.Wrap plumber tape around "A"position of adapter threads. Connect the adapter to the existing outlet.

STEP 7

7-1 Make sure that the hoses are in the shower panel enclosure.

7-2 Connect shower panel water supply hose to the existing plumbing and the mixing valve..
The mixing valve will not function properly if the connections are incorrect.
Before hanging the shower panel onto the wall, turn on shut-off valves and test all water functions of the shower panel and check all connections for leaks.

7-3 Slide the shower panel down until it rests on the mounting brackets you installed. The shower panel must be seated onto the mounting brackets by pulling down the shower panel.

Note: Check all connections at arrows for leaks. Retighten if necessary, but do not overtighten.

CARE AND MAINTENANCE

ANZZI® products are crafted with superior quality standards and workmanship and engineered to stand the test of time. However, that does not mean the product can be neglected and will need some care and cleaning.

It is recommended to use regular soap and hot water along with a non-abrasive cloth or sponge to regularly clean the product. This avoids any nasty build up or deposits which would be tougher to remove.

If you feel the use of stronger cleaning solutions or chemicals is necessary always test the cleaning solution or chemical on an inconspicuous area before applying to the entire surface.

Wipe all surfaces clean and rinse completely with water immediately after applying cleaner. Rinse and dry any overspray that lands on nearby surfaces.

DO NOT ALLOW THE CLEANER TO SOAK.

Following these simple principles will ensure you ANZZI® product will remain as lustrous and stunning as the day it was first received. ENJOY!

Sincerely,

La Familia ANZZI®
