In-Wall Toilet Tank Carrier System

INSTALLATION INSTRUCTIONS

PRIOR TO INSTALLATION:

- Inspect carrier to ensure no damages have occurred while in shipping.
- Observe all plumbing and building codes in accordance with your state and local requirements.
- All dimensions are nominal! Be sure to measure your toilet prior to installation.
- The step-by-step guidelines in the installation instructions are a general reference. Should there be any discrepancies, Swiss Madison cannot be held liable. It is recommended to install all Swiss Madison products by hiring a licensed professional.
- Read installation and maintenance instructions thoroughly before installing. Be sure to use proper tools and always wear proper personal safety accessories for your protection.
- Be sure to properly bleed all air from the piping system, trapped air can cause damage to the flushing system and toilet bowl.
- Avoid outside wall installations to avoid possible freezing.

SUGGESTED TOOLS & MATERIALS:

Safety Glasses

Plumbers Grease

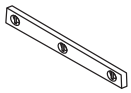

Wrench

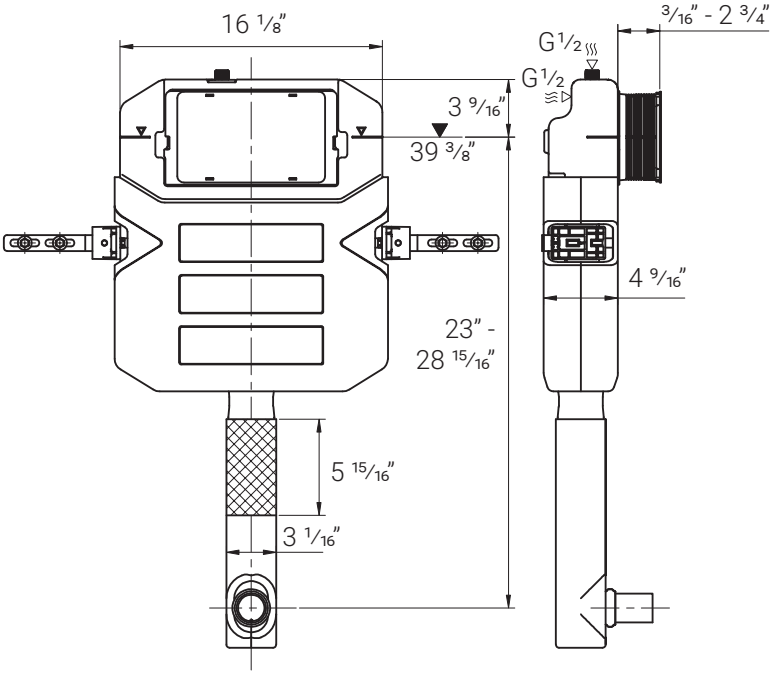

Tape Measure

Drill

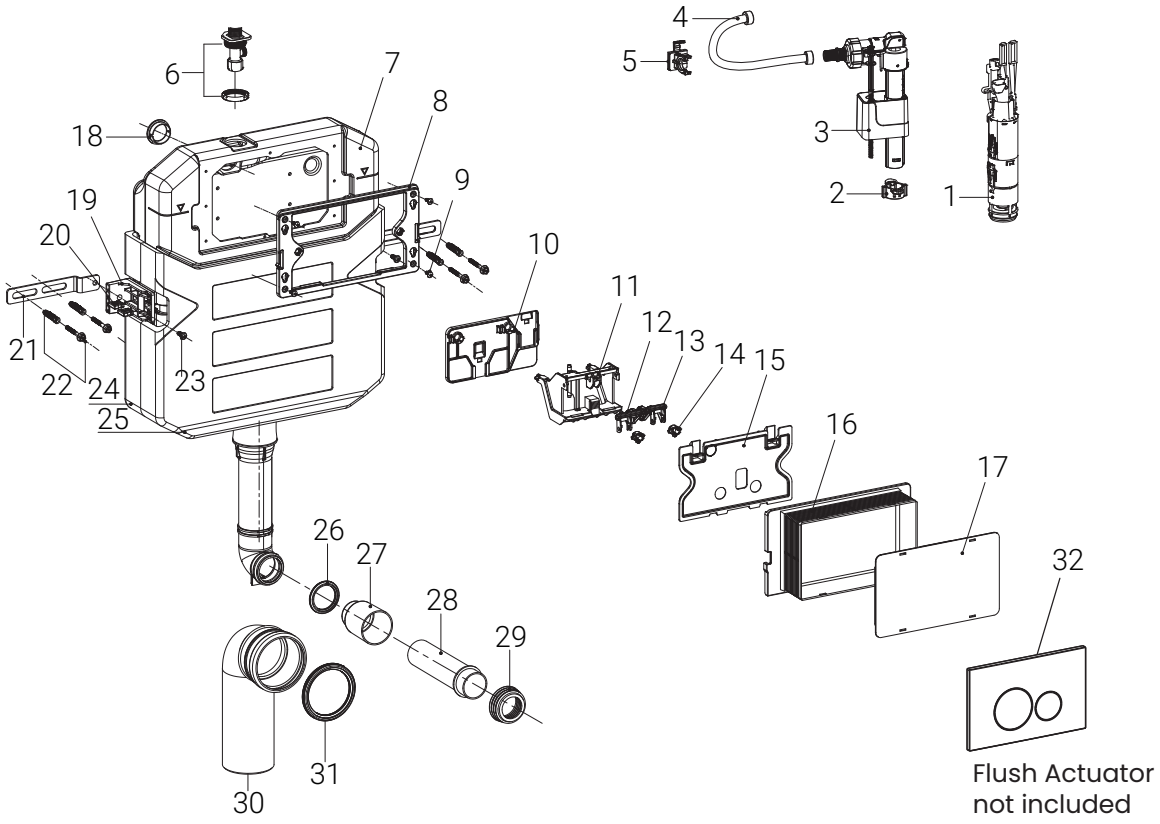

Flat File

Hacksaw

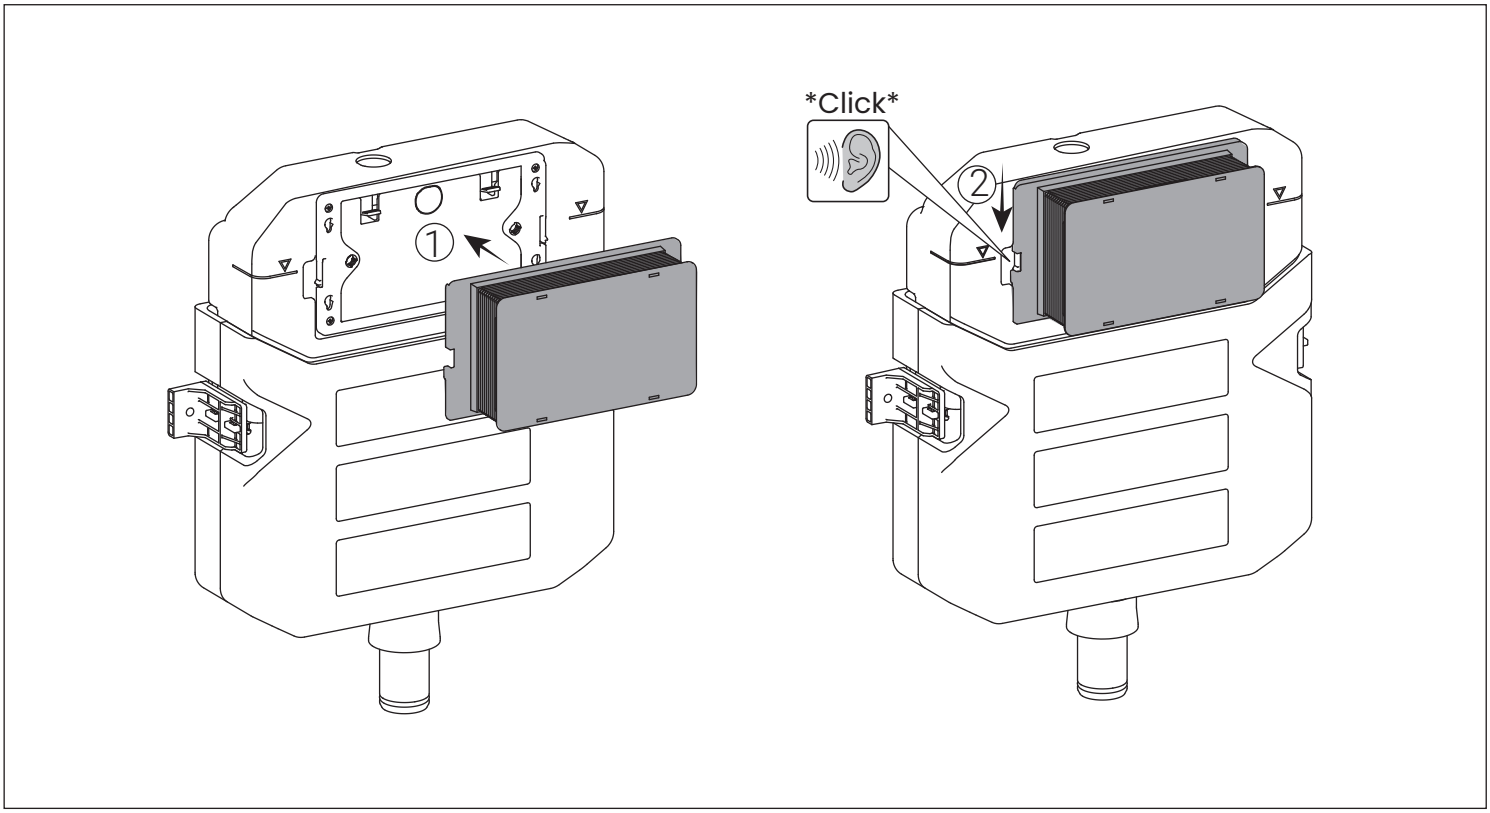

Level

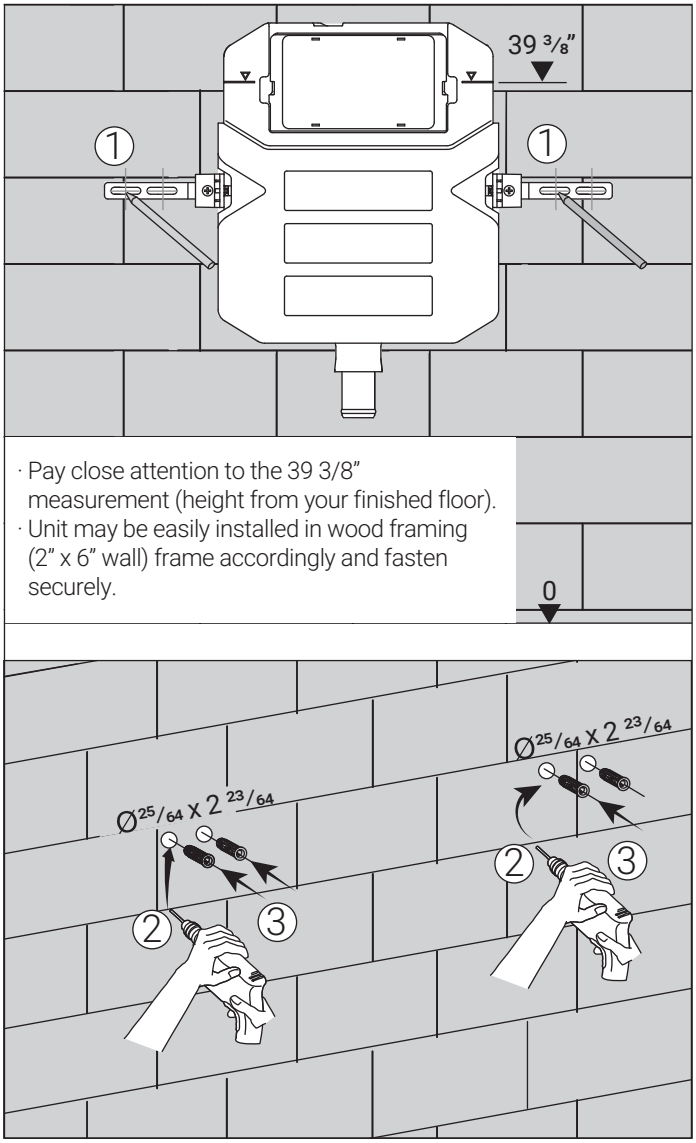

Parts for Reference:

1

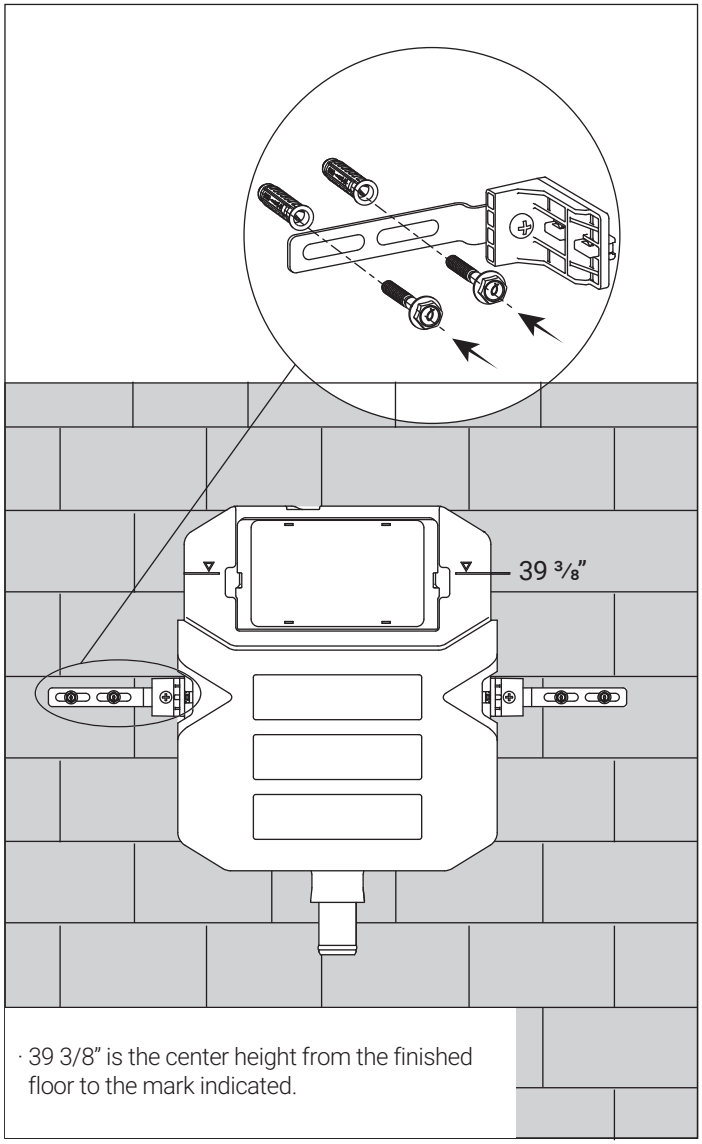

2

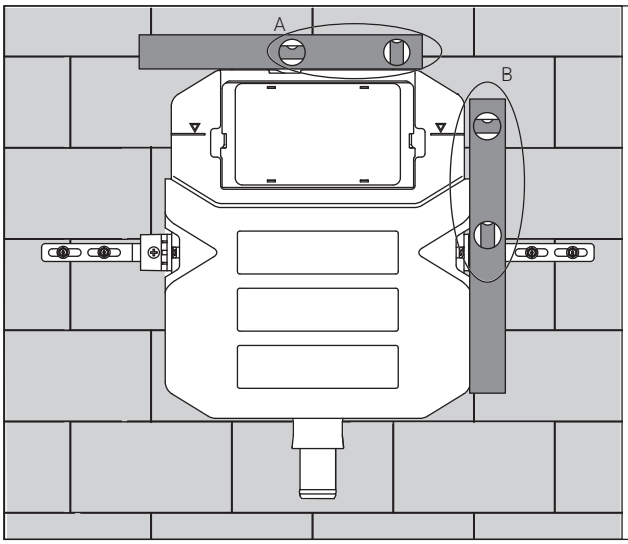

· Pay close attention to the 39 3/8" measurement (height from your finished floor).
· Unit may be easily installed in wood framing (2" x 6" wall) frame accordingly and fasten securely.

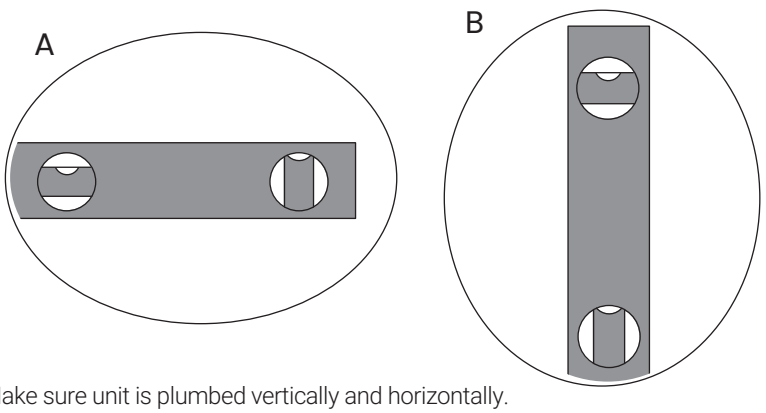

3

· 39 3/8" is the center height from the finished floor to the mark indicated.

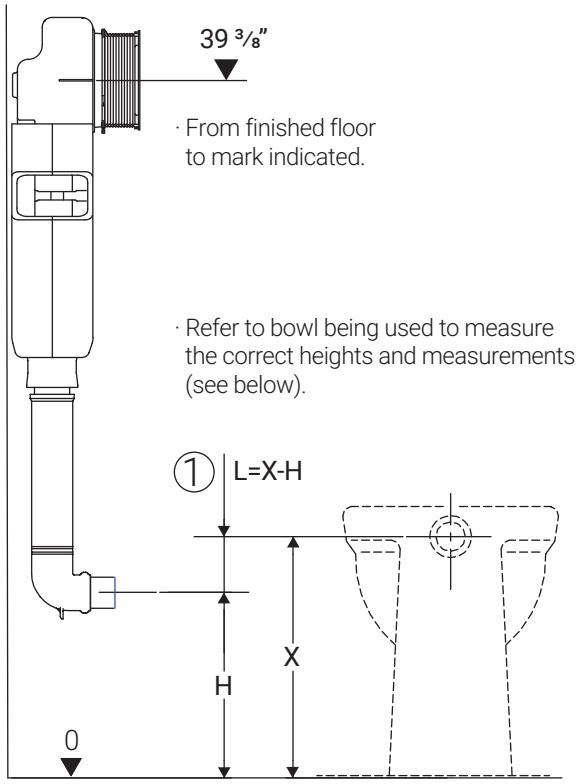

4

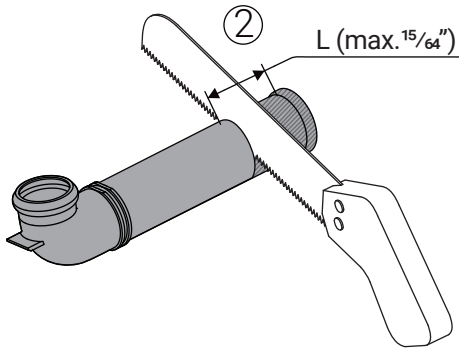

· Make sure unit is plumbed vertically and horizontally.

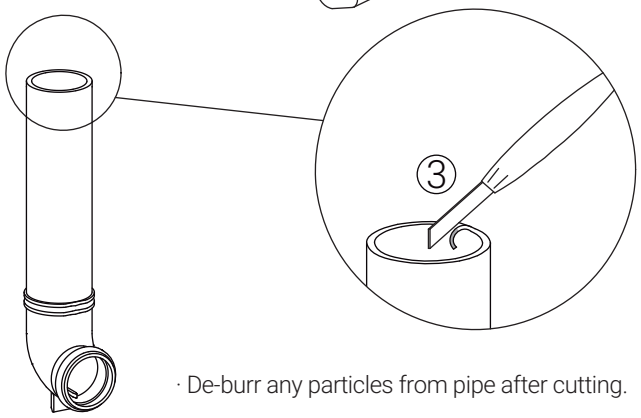

5

· From finished floor to mark indicated.

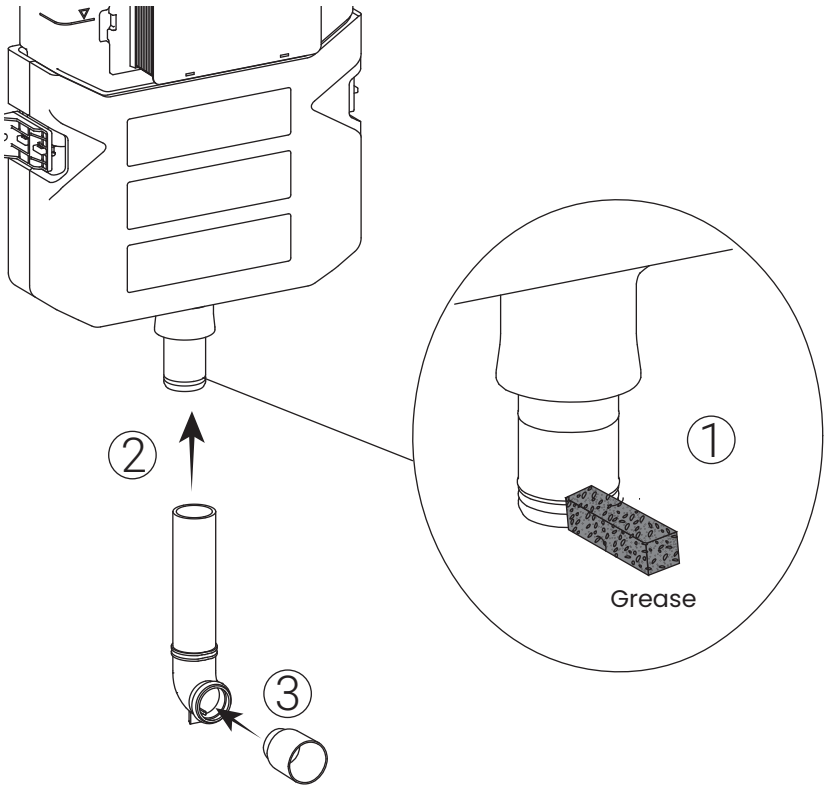

· Refer to bowl being used to measure the correct heights and measurements (see below).

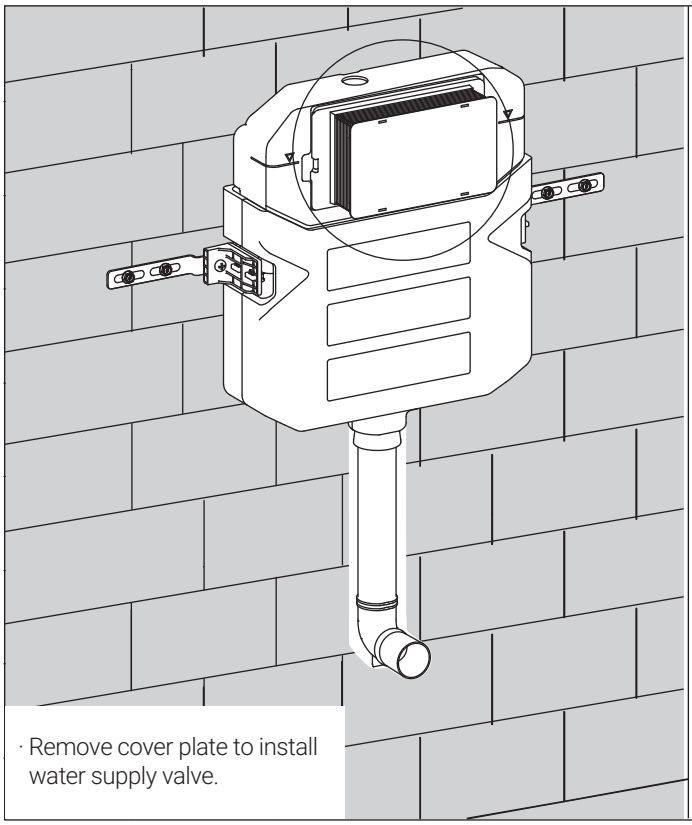

· De-burr any particles from pipe after cutting.

6

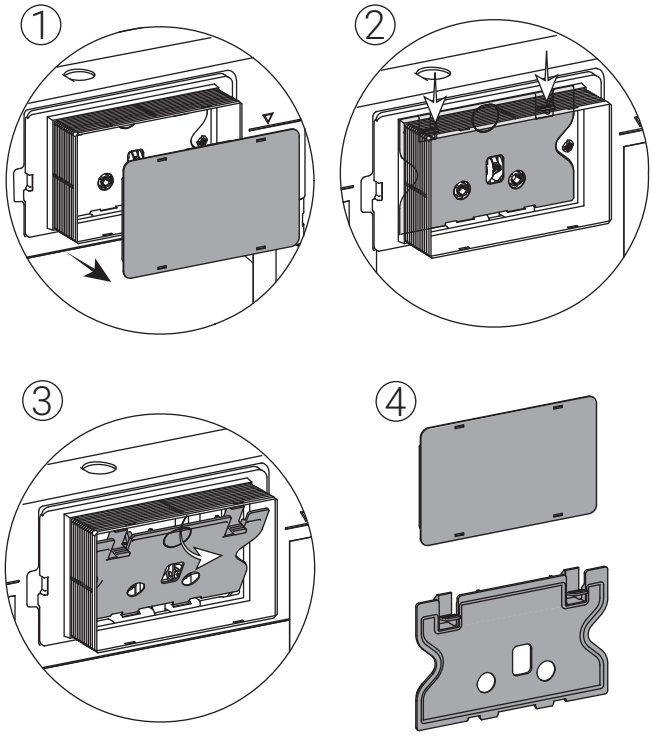

· Lubricate with grease before installing.
· Insert dirt cap (3) during construction.

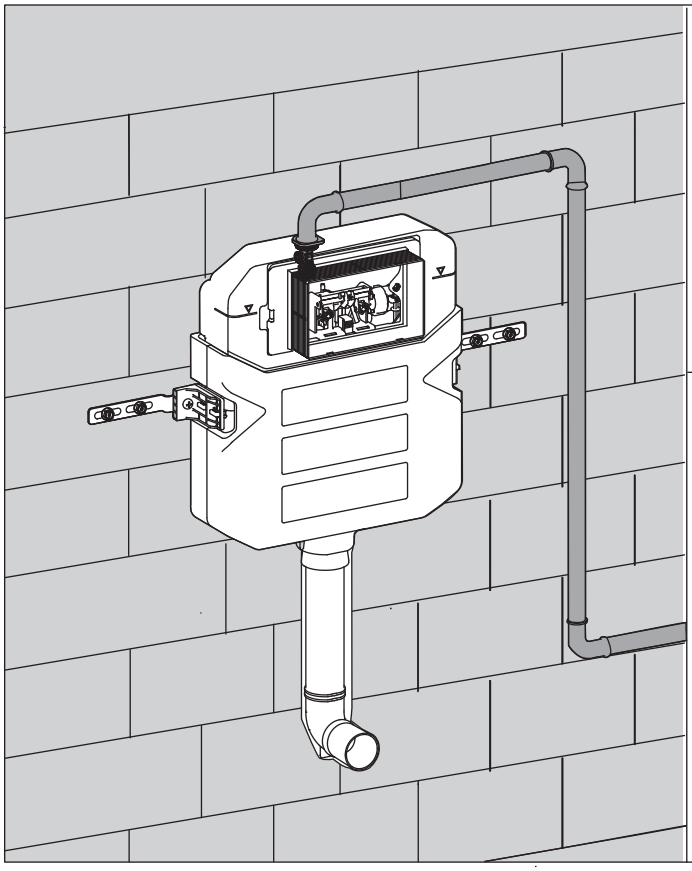

7

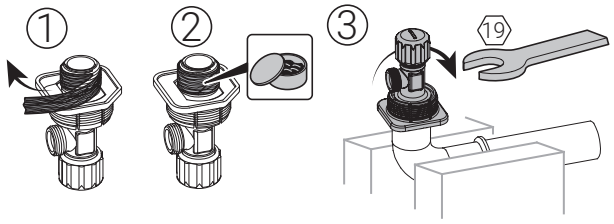

· Remove cover plate to install water supply valve.

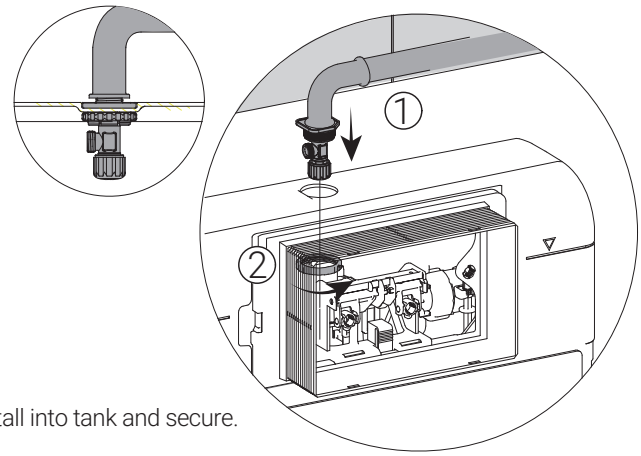

8

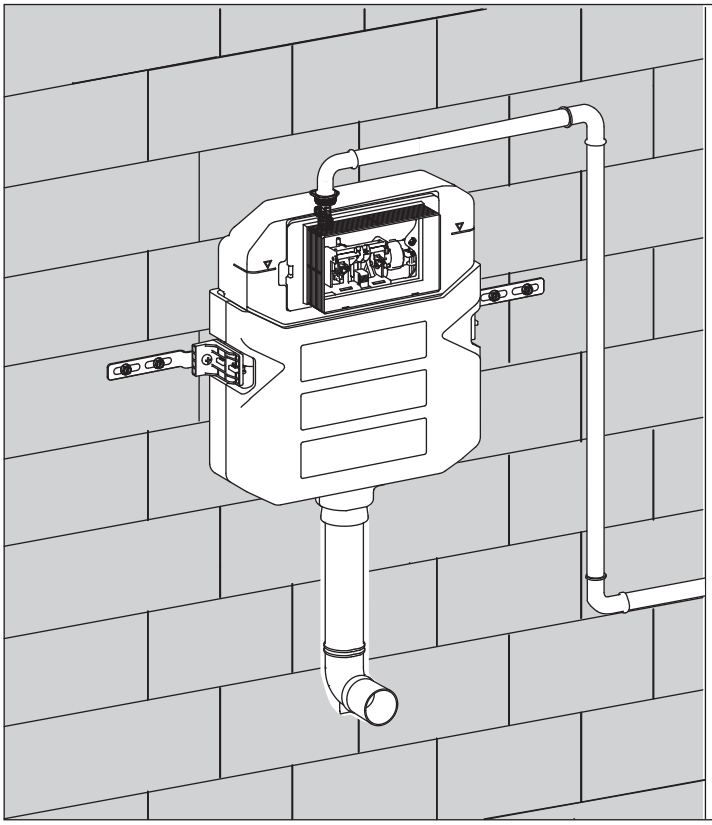

· Teflon tape is recommended on valve threads. Attach to waste supply valve and tighten carefully (see below).

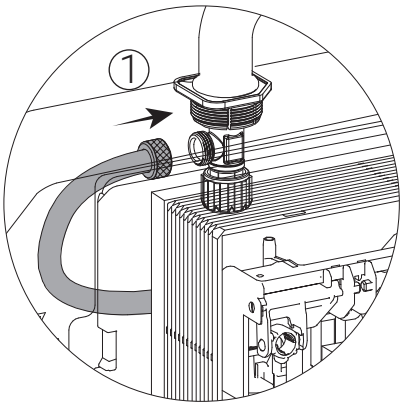

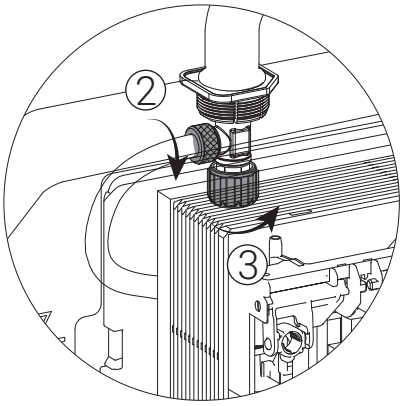

· Install into tank and secure.

9

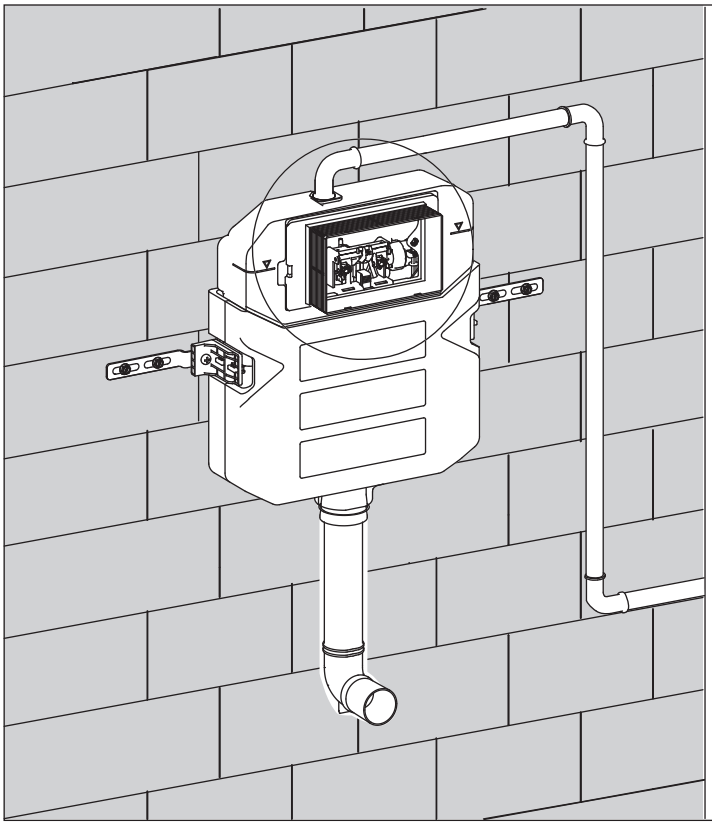

· Flush out water supply line before connecting to tank supply. Connect and tighten.

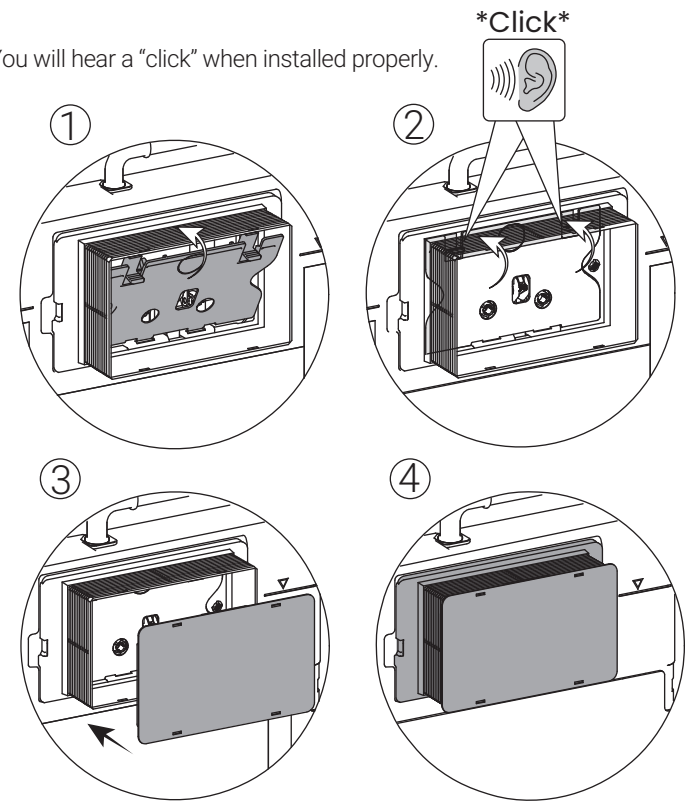

· Remember to turn the valve on once the installation is complete.

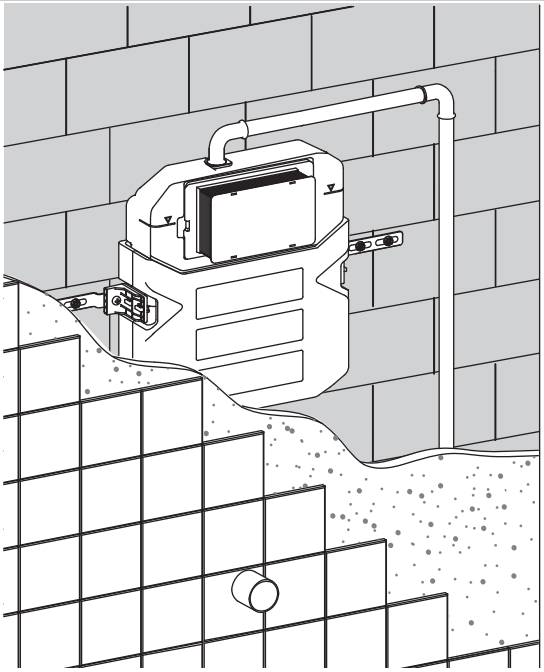

10

· You will hear a “click” when installed properly.

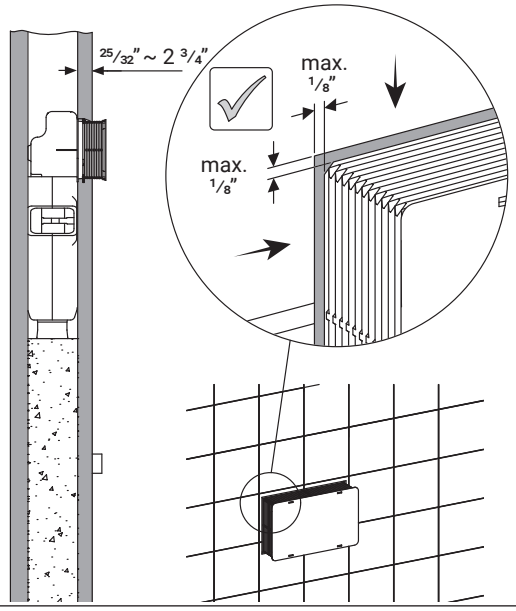

11

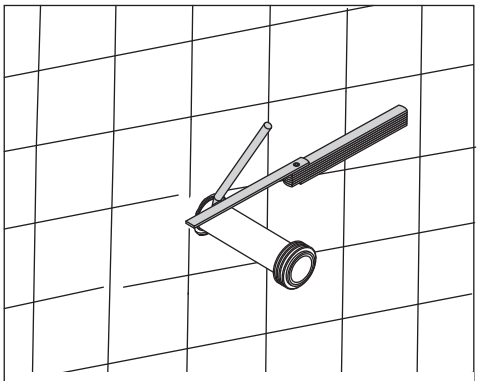

12

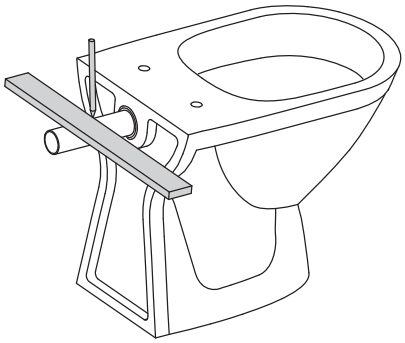

· Carefully cut off excess after complete installation.

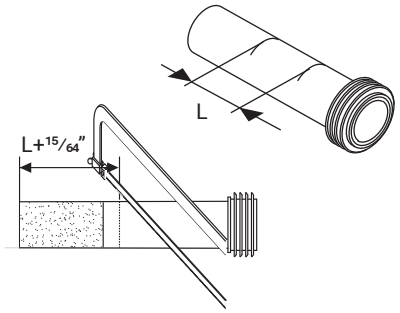

Toilet Installation

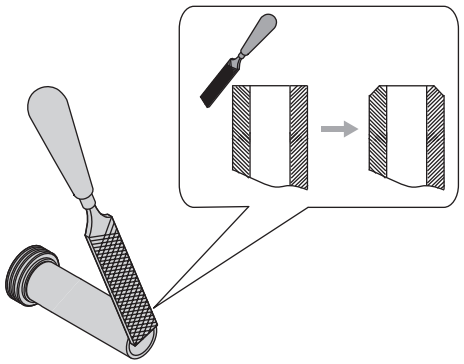

· Insert tube into wall and mark as shown.

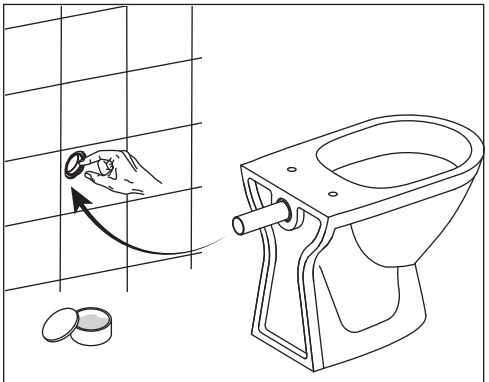

· Insert tube into bowl and mark as shown.

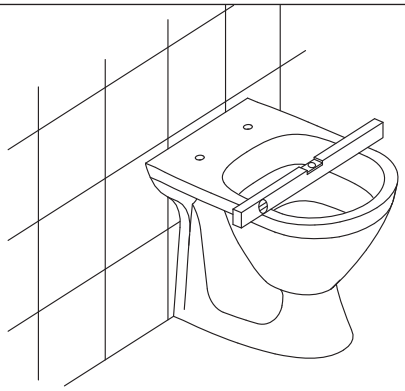

· Carefully measure between your marks, this distance will be cut off the bald end.
· Add 15/64" to measurement before cutting, leaving a small cushion for error.

· De-burr any particles after cutting.

· Lubricate both ends then install.

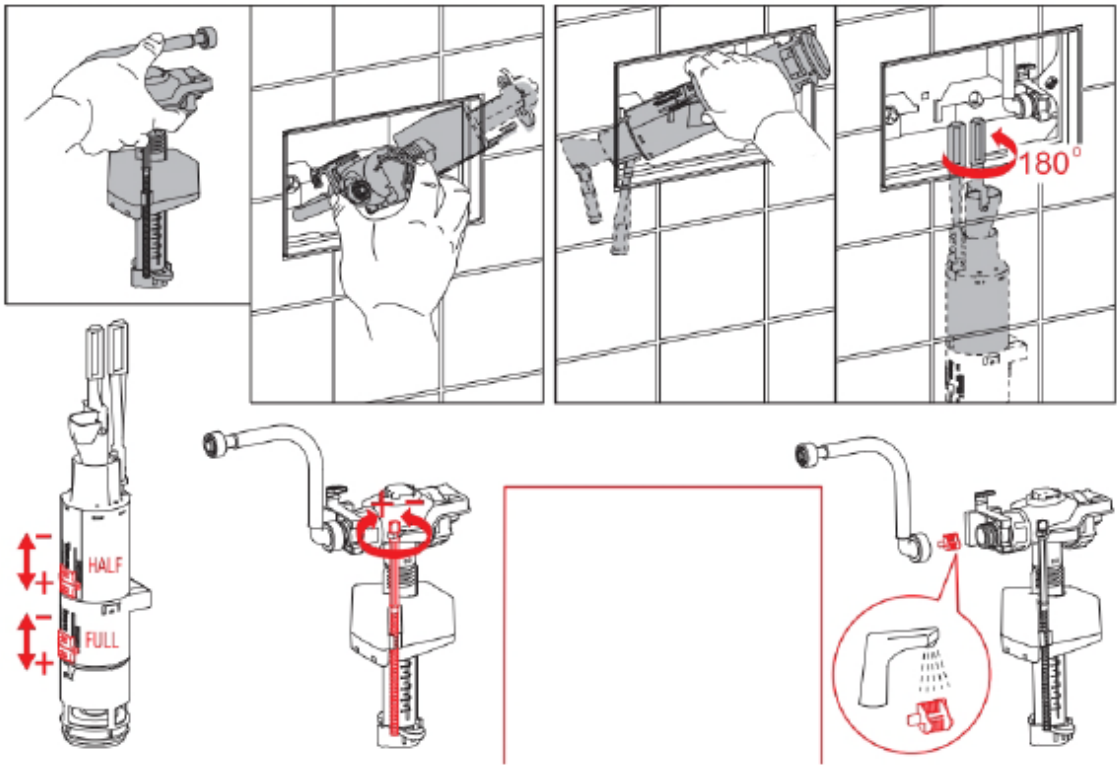

· Ensure bowl is level and install.
· Caulk and seal around bowl.

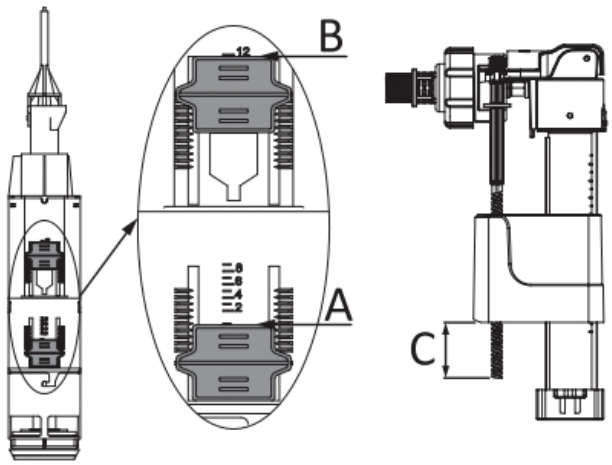

Adjusting Flush Volume

1. Make sure your water connection is shut prior to adjusting flush volume if the unit is already hooked up to the water line.

2. Remove the inlet and outlet valves from the concealed cistern tank:

3. Adjust the dimension of the outlet valve (A, B) and the dimension of the inlet valve (C) with the following dimensions (make sure to measure in mm):
WC324 A= 9mm B= 2mm, C= 42mm
WC324 A= 9mm B= 1mm, C= 8mm

ONE-YEAR LIMITED WARRANTY

Swiss Madison® products are made with quality materials and excellent craftsmanship to provide our customers with beautiful, durable, long-lasting products. Should there be any defects in materials or craftsmanship under regular use that are discovered within the first year after delivery, Swiss Madison® will provide replacement parts at no charge, or at its discretion, replace any product or part of the product that is deemed defective, under normal installation, use, service or maintenance. This warranty applies only to the original purchaser. Proof of purchase must be submitted with any warranty claim.

Swiss Madison® recommends that all installations of Swiss Madison® products be conducted by a licensed plumber or contractor. Swiss Madison® will not be held responsible for any damage or product failure due to improper installation, misuse, or failure to utilize a licensed plumber or contractor for installation. Swiss Madison® is not responsible for any installation or removal costs.

THIS ONE-YEAR LIMITED WARRANTY WILL BE VOIDED IF:

- The installation instructions were not followed by the installer
- The product has been moved from its initial place of installation
- The product has in any way been modified from its original condition
- The product has been subjected to improper maintenance, abuse, misuse, excessive use of chemicals, accidents, or other damages

Swiss Madison® makes no warranty that its products comply with any local building or plumbing codes. It is the consumer's responsibility and obligation to determine local code compliance prior to and during installation.

Swiss Madison® is not responsible for any special, incidental or consequential damages associated with the installation, replacement, return or use of the original purchaser's product. This includes, but is not limited to: freight costs, labor, travel time, lost profit, home damages and other contingent liabilities and costs (including, without limitation, costs associated with 'professionals' or 'experts', investigations, audits, analyses, attorneys and any other professional/hired services). Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

The Swiss Madison® warranty is a comprehensive and explicit limit of liability. All other warranties are hereby disclaimed and waived.
