

Squash the Bug! Get the Stubble!

Bond your fence in a bug free zone!

Pesky little bugs are a thing of the past! Nicknamed “The Stubble”, Harger’s New Fence Fabric Grounding Clamps have a unique design that allows connections at virtually any angle. The grounding conductor maintains a direct path to ground while making connections that are parallel, perpendicular or at any angle in between. Easy to use! Compatible with most metallic surfaces, including galvanized wire, razor wire or deterrent fencing.

A tamper proof “Stubble” is also available. The break-away nut keeps it intact, where it belongs!

Wire used with the “Stubble” maintains a direct path to ground
BEST SOLUTION

Wire used with the Bug/Competitor must be bent in the application

Harger “Stubble” Part Numbers

Part No.	Tamper Resistant Part No.	Conductor Size (AWG)	Box Qty.	Approx. Box Wt. (lbs.)
FGC8	FGC8TP	#8	25	5
FGC6	FGC6TP	#6	25	5
FGC4	FGC4TP	#4	25	5
FGC2	FGC2TP	#2	25	5
---	FGC26TP	#2 & #6	25	5
FGC2/0	FGC2/0TP	2/0	10	3
FGC2-4/0	FGC2-4/0TP	#2 & 4/0	10	3
