## THE FAN CATALOG

Welcome to the 2021 Quorum Fan Catalog. With Quorum's range of fans, from classic designs to modern classics, we have a ceiling fan for every need. Whether you are revamping a room, updating your home, designing your dream house, or simply cooling the patio, we have you covered.

**THE RIGHT DESIGN FOR ANY IDEA.**

# Find Your Distinctive Style.

With an enormous selection of designs and finishes to choose from, you'll find the perfect ceiling fan that allows you to express your own personal taste and create the mood of comfort and style that only a beautiful ceiling fan can achieve. If you want to set your home apart – then you are holding the right catalog! If you prefer to shop online, you're invited to browse our entire collection of lighting and ceiling fans at [QuorumInternational.com](http://QuorumInternational.com)

# How the Book Works

Ceiling fans are grouped into "families" that follow a common design theme to help you shop according to the style of the fan that you want. Fans that are intended for outdoor use are also grouped into a special patio section. Each fan family has a name and is often shown with one of our optional light kits that compliments the style and finish of the fan family. Note that many of Quorum's ceiling fan finishes are also applied to our decorative lighting fixture families that are found in our separate 2021 Quorum Lighting catalog or online at [QuorumInternational.com](http://QuorumInternational.com)

## How to Read the Specifications

On each product page, you will find basic specifications for each ceiling fan or light kit. The basic fan specifications include item number, fan finish, and blade finish.

finish code

**42605-95**

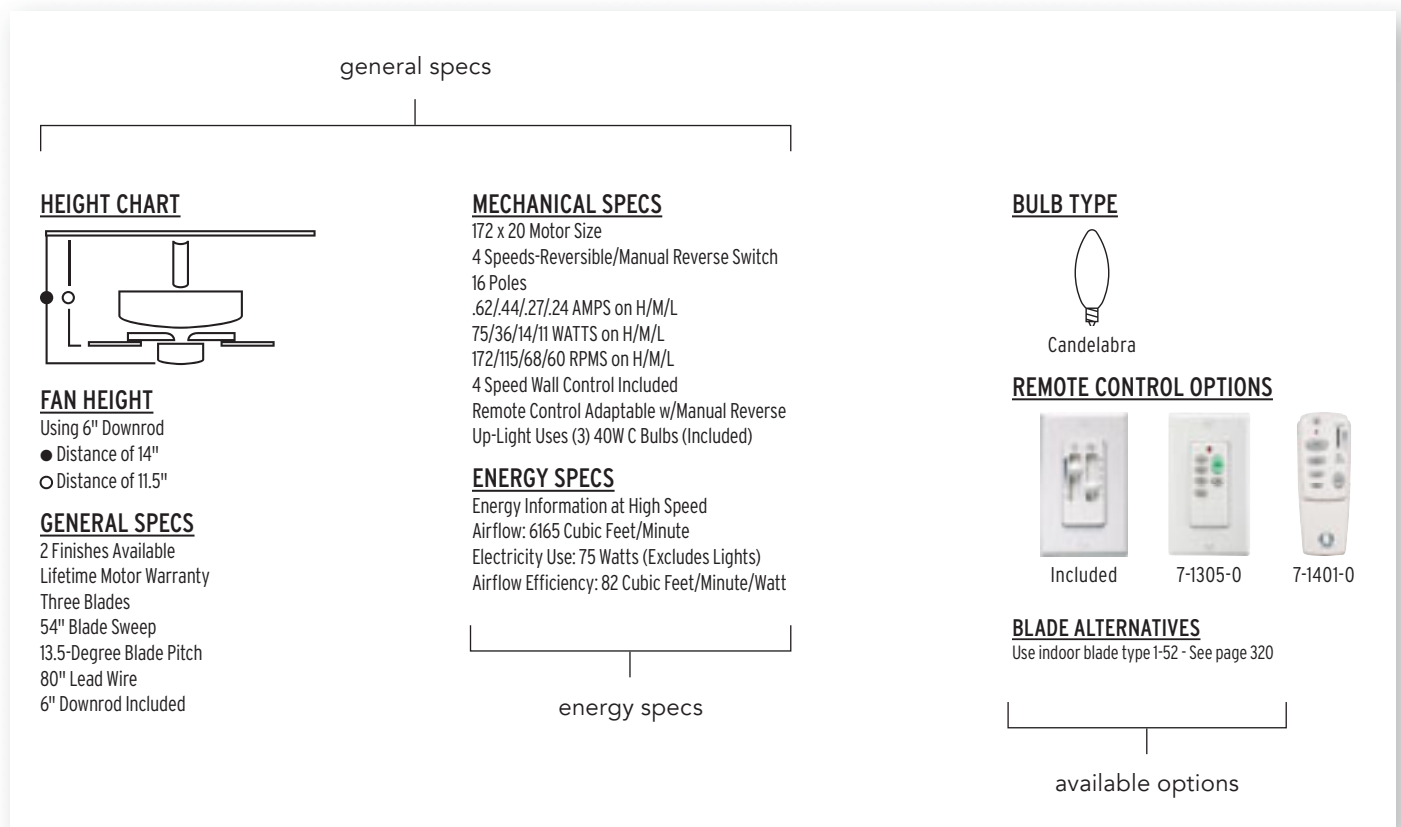

Old World - metal finish

Old World | Walnut Blades - blade finish: side A | side B blade finish

## Detailed Mechanical & Energy Specs

To help you learn more information about dimensions and energy usage, a detailed reference chart is provided for every fan family (see sample below). This information is available on each family section or visit us online at: [QuorumInternational.com](http://QuorumInternational.com)

## Detailed Mechanical Specifications Chart Sample:

## Icon Key

Product with an upward facing light.

Product has blade options available.

Product can be placed in a damp location.

Product can be placed in a wet location.

# Different by Design

Exceptional design is impossible to ignore. When perfectly executed, it breaks through the mundane and captivates the senses. It's something we take very seriously at Quorum International.

That's why our products are designed in-house by our award-winning industrial design team. And once our products are designed and manufactured, we offer them to our Authorized Quorum Distributors who, in turn, provide them to customers who appreciate the innovation, value and workmanship that go into each fan.

Headquartered in Fort Worth, Texas, Quorum leads the industry in service, quality and style, and we are honored that our distributors and customers continue to rely on us for those very things.

Please enjoy our catalog and we look forward to providing you with beautifully functional and inspiring products.

Be sure to look for the upcoming Quorum Summer Supplement that will be available in June 2021 introducing all new designs!

A photograph of a modern outdoor patio. A wooden pergola with thick beams and columns is the central focus. The columns are wrapped with thick, gnarled tree branches. The patio is surrounded by lush green foliage. In the foreground, a dog is sitting on a grey outdoor sofa with blue and white striped pillows. The scene is brightly lit, suggesting a sunny day.

# Patio Contemporary Selections

Contemporary doesn't get any cooler than Quorum's Patio Contemporary Designs. Outdoor spaces deserve a pick me up and nothing perks up a patio like the modern, sleek, and sophisticated style of these fans.

# Accessory Selections

Remote controls, down rods, conversion kits, ceiling adapters, wall controls and custom blade options are just a few of the fan accessories you can choose from for your Quorum ceiling fan. Our accessories are designed to make installing and using your fan as easy and convenient as possible.

# Blade Alternatives

## CUSTOMIZE YOUR NEW QUORUM FAN:

**Step 1:** Find the blade type for the fan you have selected.

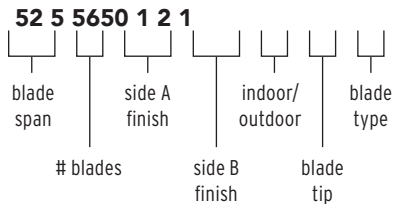

**NOTE:** Blade type is found in your fan's specifications table under "Blade Alternative". Not all fans offer blade alternatives.

**Step 2:** Select your new blade set from those available for your fan.

**Step 3:** Order your fan WITH the alternative blade item number.

**Example:** 43525-86 w/ 5252020721

## STANDARD REMOTE CONTROLS

### 2-Wire Canopy Remote Control Kit with Reverse Function

#### a. 7-1401-0

Controls 3 speeds and forward/reverse functions on one fan and light dimmer. Also features a temperature sensor. Receiver fits in ceiling canopy and uses 2 existing wires. Can be used with halogen light kits, 100W bulb max.

### 2-Wire Canopy Remote Control Kit For LED

#### b. 7-501-0

On/Off and forward/reverse fan function, 3 fan speed settings, infinite light dimmer control for LED Kits. Timer setting to turn fan off after 2, 4 or 8 hours running time. Receiver fits in ceiling canopy and uses existing 2 wires.

a

b

## 2-WIRE CANOPY CONTROLS

Canopy controls provide additional convenience when operating your ceiling fan. Imagine the ease of controlling a fan without having to use the fan's pull chains. This is also another way to control ceiling fans hanging on high, hard-to-reach ceilings and in applications where running a 3rd wire for a ceiling fan is prohibitive. Canopy controls are easy to install and will control the fan speed functions and the light functions.

a

b

c

### a. 2-Wire Canopy Wall Control with Reverse Function

#### 7-1301-0

Controls 3 speeds and forward/reverse functions on one fan and light dimmer. Receiver fits in ceiling canopy cup and uses 2 existing wires. Can be used with halogen light kits, 100W bulb max. Will work with all models compatible with the 7-1401-0 as listed for assorted models throughout the fan section.

### b. Battery Operated Wall Control with Reverse Function

#### 7-1305-0

Controls 3 speeds and forward/reverse functions for one ceiling fan. Light on/off with dimmer for incandescent lamp. Light on/off only for fluorescent or LED lamps. 300W light max (no halogen). Receiver fits inside ceiling canopy and uses two existing wires. This control is supplied with removable white and ivory face plates. 12 volt battery included. Compatible with specified models as noted in the fan general specifications.

### c. Battery Operated Wall Control with Reverse Function

#### 7-1307-0

Controls 3 speeds and forward/reverse functions for one ceiling fan. Light on/off with dimmer for screw base LED lamp. Receiver fits inside ceiling canopy and uses two existing wires. The control is supplied with removable white and ivory face plates. 12 volt battery included.

## WALL CONTROLS

Quorum offers a full line of slider and rotary style fan and light kit wall controls. They are guaranteed not to cause humming or noise when used with Quorum ceiling fans.
