

SENSORY BIN

axolotl

3+

Enjoy hours of imaginative play! Scoop, sort and explore the treasures inside your sensory bin.

CARE AND SAFETY

- Younger children should be supervised during play - not suitable for children under 3.
- Prepare the area under the bin with a towel or table cover to collect any wiggly foam.
- To keep the sensory bin clean, wash hands before use.
- Keep wiggly foam away from the eyes, nose, and mouth. If contact should occur, rinse the area with water.
- Wash the accessories as needed with warm soapy water.
- Keep the sensory bin closed when not in use.

WARNING:

CHOKING HAZARD - Small parts.
Not for Children under 3 years.

Assemble

Have an adult gently empty the bags of wiggly foam into the bin however you'd like. Spread wiggly foam out to cover the surface evenly. Open and arrange all other items in the bin.

Play!

Scoop, squish and play while engaging your senses. Have fun creating an axolotl adventure and playing with the wiggly foam.

Note to Parents - Using the scoops to collect stones is a fun way for your child to practice their fine motor skills and hand-eye coordination.

Fun things to try:

- Count the items inside the bin.
- Hold the wiggly foam in your hands and watch it flow through your fingers.
- Make up a story about your axolotl adventures.
- Identify the colors of each stone.
- Close your eyes and grab an item from the bin. See if you can identify it using your sense of touch.
- Memory game: Parents - hide some objects under the wiggly foam. Have your child guess what's missing.
- Turn off the lights and watch the stones glow in the dark.
