

Lens Cleaning Towelettes

LCD100

Lens cleaning is important to extending the life of prescription and non-prescription safety glasses. The specially developed, silicone-free formula in Radians pre-moistened Lens Cleaning Towelettes safely removes dust, dirt, grease and oil, while also reducing static and resisting fogging. The low lint, non-abrasive tissue leaves lenses clear and streak free. Radians towelettes ship in 100-count dispenser box proudly advertising the Made In USA product.

Excellent for cleaning glass, plastic, and polycarbonate

Disposable lens cleaning towelettes

Silicone free for a residue-free clean

Prevents fogging and reduces static

Made in the USA
