

FOR IMMEDIATE RELEASE

MOEN DELIVERS INCREASED DURABILITY AND IMPROVED HANDLE FEEL WITH NEW DURALAST® TWO-HANDLE CARTRIDGES

Features:

Moen is making a good thing even better with the introduction of the new 1234 and 1258 Duralast® two-handle cartridges. Each utilizes Moen's ceramic-disc cartridge design which provides the smooth feel and reliable operation of a new faucet from the first time you use it to the last.

- The 1234 cartridge will now be featured in Moen's widespread faucets and Sip™ beverage faucets
- The high-flow 1258 Duralast cartridge will be utilized in new floor-mounted tub filler models
- Cartridges provide a consistently smooth handle feel for the life of the faucet
- Offer precise water control – allowing the user to fine-tune temperature and flow
- Duralast cartridges combine innovative engineering and the highest-quality materials, rigorously tested to stand up to generations of use
- Like all Moen products, Duralast cartridges surpass conventional durability standards to withstand tough conditions, including hard water
- Limited Lifetime Warranty*
