Environmentally Conscious

Familiar Territory contains a minimum of 4% pre-consumer recycled content and is manufactured by Crossville® using proprietary processes. Crossville recycles nearly 12 million pounds of previously discarded filtrate and fired tile waste. In addition to its own fired waste recycling, Crossville also accepts and recycles reclaimed, previously installed tile through its Tile Take-Back™ program. For more information, visit CrossvilleInc.com/green.

Recommended Use

Familiar Territory is recommended for interior floors, walls, countertops, and exterior walls in both residential and commercial applications. Familiar Territory is not recommended for exterior horizontal surfaces or exterior paving. **If offset pattern is required for tiles 15 inches or longer, Crossville® recommends an offset of not greater than 33%.** See CrossvilleInc.com for detailed installation instructions.

Wet area use Mosaics

Crossville® produces Familiar Territory 2 x 2 mosaics with the Cross-Sheen finish. The AcuTest™ wet Dynamic COF of Familiar Territory is ≥ 0.42 . Their small size ensures frequent grout joints which provides traction and drainage. Crossville cannot control situations involving incorrect installation, improper slope to the drain for elimination of standing water and poor surface cleaning.

This information is provided so that customers may make a realistic and informed decision when comparing Familiar Territory to other tile products in wet area environments, such as residential/commercial bathrooms, showers, and interior pool decks.

Information listed here is subject to change. Please refer to CrossvilleInc.com for the latest, most accurate information.

Care and Maintenance

Regular cleaning is the best way to keep Familiar Territory tile looking good for years to come. Use clean, hot water (combined with a household cleaner for more aggressive cleaning). Rinse thoroughly and dry with a soft cloth. No waxes are needed. More information regarding the care and maintenance of Crossville® products is available at CrossvilleInc.com.

CrossvilleInc.com

If you want a better idea of what Crossville tile would look like in a particular room setting, simply visit our website and click on Cross-Vision. This powerful software tool allows you to visualize different types of Crossville tile. In addition, you'll find comprehensive information about Crossville's entire portfolio of products. You can also learn about the latest styles and trends from industry experts, download detailed care and maintenance instructions for our various products, or browse electronic versions of Crossville's product brochures. So whether you need information about Crossville products or tile in general, please visit us at CrossvilleInc.com. Information listed here is subject to change.
