

# Sta-Lube® Copper Anti-Seize & Lubricating Compound

## Product Description

Sta-Lube Copper Anti-Seize is a general purpose anti-seize lubricant that prevents seizing caused by high temperature, heavy loads, vibrations and corrosion. This unique formula has been designed with a smooth texture and fine particle sizing. Conductive.

## Applications

Fittings, bushings, flanges, headers, nuts, screws, studs, threaded surfaces, pipes, plugs, and manifolds to prevent seizing and galling of surfaces.

| Identification            |                          |
|---------------------------|--------------------------|
| Item Number / Case Number | 1007938 / 1007937        |
| Legacy Number             | SL35901                  |
| Unit Package Description  | 8 Ounce Brush-Top Bottle |
| Net Fill                  | 8 wt oz                  |
| UPC Code                  | 072213359015             |
| Unit Dimensions           | 4.25H x 2.50W x 2.50D in |
| Units Per Case            | 12                       |

| Properties                   |                                     |
|------------------------------|-------------------------------------|
| Appearance                   | Copper Semi-Solid Paste             |
| Base Type                    |                                     |
| Boiling Point (F/C)          | Not Determined                      |
| Dielectric Strength          | Not Determined                      |
| DOT Proper Shipping Name     | Not Regulated                       |
| Evaporation Rate             | <0.01 (Butyl Acetate=1)             |
| Flash Point (F/C)            | 420°F / 216°C                       |
| Flammability LEL % / UEL %   |                                     |
| Flammability Class - CPSC    | Not a Consumer Product              |
| NSF Category Code            | N/A                                 |
