3. Evenly wrap one half of pompom maker with yarn. Do not cover the tool or lock. Use 2 strands of yarn for faster wrapping.

4. Wrap pompom maker half until it is completely full.

5. Cut the yarn end and secure by pulling it under some of the wrapped yarn with a crochet hook.

6. Fully wrap other side and close pompom maker.

7. Cut wrapped yarn between discs. Do not open pompom maker.

8. Cut a long piece of yarn and double. Thread yarn piece through hole inside of tool and between discs.

9. Tie yarn tightly with a double knot.

10. Open pompom maker and remove pompom.

Time to Trim!

11. First, make a rough cut by trimming around the middle.

12. Next, trim all sides of pompom evenly.

13. Finally, remove any remaining unevenness to create the perfect pompom.

14. Finished!
