

# LOCK DE-ICER

Technical Data Sheet

Creation Date 28/03/2018

Version I

This CRC Lock De-Icer spray in an handy small format quickly de-ices and lubricates locks in one simple application.

## Where to use?

CRC Lock De-Icer can be used with all types of locks, including car central locking.

## How does it work?

CRC Lock De-Icer will quickly dissolve ice, snow and frost so that locks can be opened again. The active lubricating ingredients penetrate the lock mechanism, allowing smooth operation.

## What to expect?

The spray will quickly dissolve ice, snow and frost and will inhibit re-freezing. It will prevent corrosion and wear of lock parts.

## Be prepared

- Before use, carefully read and observe the warning texts on the label
- Always make sure to have a good ventilation.
- Avoid open fire or other sources of ignition in the same room.
- Dispose empty cans according to your local legislation.

## Help for a good application

- Shake before use.
- Push the spray button into the door lock and spray for about 1 second.
- Wait about 30 seconds before opening the lock with the key.
- Repeat if necessary.

## Technical data (Aerosol)
