

2025 WILLAMETTE VALLEY SAUVIGNON BLANC

A refined expression of the Willamette Valley, this Sauvignon Blanc emphasizes balance and purity of fruit. Crafted from select vineyard blocks and fermented in both tank and barrel, it gains gentle texture without losing its vibrant edge. Fresh stone-fruit aromatics and bright acidity carry through to a crisp, polished finish

SUB-AVA	KEY VINEYARDS	SOILS	CHARACTERISTICS
Dundee Hills	Durant Vineyard	Volcanic 'Jory'	Floral, ripe peach

2025 VINTAGE

The 2025 growing season was characterized by a wet spring that encouraged healthy vine growth, followed by a moderate summer with brief heat spikes in June and July. August brought cooler temperatures and consistent cloud cover, allowing the grapes to ripen slowly. The resulting wines feature lower sugar levels and good acidity, showcasing a delightful blend of red and black fruits with well-integrated tannins, resulting in an elegant and balanced profile.

TASTING NOTES

Aromatic jasmine, lemongrass, ginger, and ripe peach unfold on the nose, leading to a palate of wet stone, elegantly weighted and lifted by bright, vibrant acidity.
