CARE AND USE

Directions for Use: Remove all of the packaging.

Directions for Use: Unfold the bucket by placing one hand into the base and use the other to gently pull the outer rim of the bucket outwards.

Directions for Use: Use as required, ensuring that the bucket is empty before it is collapsed for storage.

Directions for Use: The bucket folds down into three sections and must be collapsed one section at a time, starting at the top.

Directions for Use: Holding the rim of the bucket, push in the first fold until the section collapses.

Directions for Use: Smooth out the folded section, so that it is level.

Directions for Use: Repeat with the second section.

Directions for Use: To fold the final section, push down on one side of the rim until the section folds and then push around the edges until the bucket is fully collapsed.

Warning: Do not overfill the bucket.

Do not use the bucket with boiling water, as the TPR has a maximum temperature threshold of approx 70°C.
