

PU Foam Cleaner

Technical Data Sheet

Technical Data Sheet

Product name: PU Foam Cleaner
Sales code: 32231

Creation date: 01 July 2015

Version: 1
Replaces: 0

Section 1: General description

Solvent cleaner and degreaser based on acetone for cleaning the dispensing guns for PU and STP foams.

Section 2: Features

- Manual application for cleaning substrates or the outside of the equipment..
- The aerosol fits on an application gun for thorough inside cleaning of the dispensing system.

Section 3: Applications

- Cleaning fresh spoilage of PU or STP foams on substrates and equipment.
- Cleaning the interior of the dispensing guns for PU or STP foams.

Section 4: Directions

Manual use:

- Mount the diffusor on the valve.
- Press the diffusor for spraying the product

Use with the application gun:

- Screw the aerosol on the gun.
- Regulate the flow rate with the throttling nut on the gun.
- After cleaning, remove the aerosol from the gun and put the cover back over the valve for protection.

Note: Cured PU or STP foam only allows mechanical removal.

A safety data sheet (MSDS) according to EU directive 91/155/EEC and amendments is available for all CRC products.
