

DynaGo™ Quad 8 Aluminum Rollator

The DME Care Solutions DynaGo Quad 8 is a lightweight, 4-wheel rollator with an ergonomic design, padded seat, and deluxe braking system — offering dependable support and comfort across indoor and outdoor environments.

- Lightweight, yet durable aluminum frame offers reliable support and easy maneuverability
- 7.5" non-marking wheels provide smooth indoor and outdoor navigation
- Ergonomic handles adjust arm height from 32.16" to 38.26" for customized comfort
- Equipped with lock-wheels and deluxe braking system for optimal safety
- Padded seat flips up to under-seat pouch for convenient personal storage
