

# Lead Pointers

For 2mm Leads

Whether you are drafting or sketching, your lead pointer needs to be ready when creativity strikes! Dahle offers many solutions to insure that you're never scrambling to sharpen your creative instrument.

Dahle's Lead Pointers are designed to be used on 2mm drafting leads, these sharpeners gently shave the outer edge of the leads and provide a perfectly contoured edge. Each unit features integrated steel milled blades that the pencil rotates around and spins freely once fully sharpened. Dahle Lead Pointers are hand held devices and include a cleaning plug to remove excess lead shavings.

Each sharpener contains a high quality plastic body that catches lead shavings to reduce mess. They also include a cleaning plug for excess shavings.

The 301 includes an automatic cutting stop mechanism to prevent oversharpener. This model also feature two measuring devices, one for writing and one precision drawing points.

Lightweight and portable enough to take anywhere, Dahle's Lead Pointers are the perfect addition to any drafting or sketching kit.

## Features

- Lightweight and portable to take anywhere
- High quality plastic body catches lead shavings to reduce mess
